Spreader/Sticker

Principal Functioning Agent:
Acrylic Acid Polymer.................................2.0%
Constituents Ineffective as Spray Adjuvant:......98.0%
Total..............................................100.00%

Ingredients exempt from the requirements of a tolerance under 40 CFR 180

KEEP OUT OF REACH OF CHILDREN.
CAUTION.

Purely Hydro Attributes: Purely Hydro is a polymer-gel which when placed into solution with water and mixed with appropriate agricultural chemicals enhances wetting, adhesion, and facilitates redistribution with ambient moisture, thereby increasing protection during plant growth, resulting in a reduction of chemical usage.

PRECAUTIONARY STATEMENTS: Causes irritation to skin, eyes and respiratory tract. Harmful if swallowed or inhaled. Wear goggles or face shield, rubber gloves and protective clothing when handling. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove contaminated clothing and wash clothing before reuse.

FIRST AID:
1. Call a physician. IF ON SKIN OR CLOTHING: Wipe off excess material from skin. Immediately rinse skin with water for at least 15 minutes, lifting upper and lower eyelids occasionally. Remove contact lenses if present after the first 5 minutes and continue rinsing eye. Seek medical attention immediately.

IF IN EYES:
Immediately flush eyes with plenty of water for at least 15 minutes, lifting upper and lower eyelids occasionally.

IF SWALLOWED:
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Have person sip a glass of water if able to swallow. Do not induce vomiting unless instructed to do so by a poison control center or doctor.

IF INHALED:
Move person to fresh air. If person is not breathing, call an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.

ENVIRONMENTAL HAZARD:
This product may be toxic to aquatic life in concentrate form. Do not discharge effluent containing this product into lakes, streams, pools, estuaries, oceans or other waters unless in accordance with the requirements and notifications of local authorities, or with acquiring appropriate written permit prior to discharge. Waste water containing this product may be considered for accumulated biological treatment. For guidance, contact your local water governing office or environmental protection agency.

PHYSICAL OR CHEMICAL HAZARDS:
Do not mix with oxidizers, alkaline soaps and detergents.

Directions For Use:
1. Fill tank 1/4 of the total amount of water. 2. Add Purely Hydro slowly while maintaining vigorous agitation. 3. Agitate until Purely Hydro is completely dissolved. 4. Do not breathe spray mist. Purely Hydro may be dissolved with water down to an effective dilution of 0.4% and will still maintain its gel structure. Evaluation of chemical compatibility, including gel consistency and attribute efficacy is the sole responsibility of the user. Do not mix with oxidizers, alkaline soaps and detergents.

DISPOSAL:
1. Fill tank 1/4 of the total amount of water. 2. Add Purely Hydro slowly while maintaining vigorous agitation. 3. Agitate until Purely Hydro is completely dissolved. The appearance of small white particles may indicate the presence of hard water conditions, which may necessitate the use of a water softener. 4. Do not mix with oxidizers, alkaline soaps and detergents.

NOT FOR AQUATIC USE.
PRODUCT EXPIRES 12 MONTHS FROM THE DATE OF MANUFACTURE.
