**SPA SELECTIONS**

**CHLORINATING GRANULES**

ContROLS BACTERIA AND ALGAE

**Fast Acting**

**ACTIVE INGREDIENT:** Sodium Dichloro-s-Triazinetrione didehydrate .......................... 99%

**OTHER INGREDIENTS.................. 100%**

Available Chlorine: 56%  
**KEEP OUT OF REACH OF CHILDREN**

**DANGER**

See back of label for Precautionary Statements and First Aid. Not for use as a disinfectant.

**WHAT THIS PRODUCT DOES:***

This product is a fast acting fast acting sanitizer that protects water against chlorine loss optimizing usage and reduces necessary shock treatments.

**WHY YOU SHOULD USE THIS PRODUCT:**

To control the growth of algae, kill bacteria and destroy organic materials.

**DIRECTIONS FOR USE**

**STARTUP:**

Essential for initial opening of facility or after first chlorine. When adding this granular product, mix uniformly through the water with a pump or skimmer. Turn on circulation while adding to prevent foaming or cloudy water and may react with chlorine sanitizers to reduce their effectiveness. If circulation is low, stir water after addition of chlorine or other chemicals.
