SANITIZATION - FOOD CONTACT SURFACES

Additox® is a highly effective and versatile sanitizing agent that is recommended for use on all contact surfaces to disinfect, deodorize and neutralize odors. Additox® is effective against a wide range of microorganisms, including bacteria, viruses, fungi, and spores. Its broad-spectrum activity makes it suitable for use in kitchens, restrooms, and other areas where a sanitizer is needed.

ADDITIVE OPTIONS:

- **Additox®**: A very effective and versatile sanitizing agent. Use in a spray or wipe-down method to disinfect, deodorize and neutralize odors.
- **Additox® Pre-Mix**: A pre-mixed solution that is ready to use. For use in spray or wipe-down methods. Use in a spray or wipe-down method to disinfect, deodorize and neutralize odors.

**Use Instructions**:

- **In Equipment**: Use Additox® as directed. Use as a solution or dilute with water as needed.
- **In Dishwasher**: Use Additox® as directed. Use as a solution or dilute with water as needed.

**DILUTION RATES**:

- For spray or wipe-down methods: 1 part Additox® to 10 parts water.
- For use in equipment: 1 part Additox® to 10 parts water.

**Safety Precautions**:

- Avoid contact with eyes and mucous membranes.
- Keep out of reach of children.
- Store in a cool, dry place.

**DISPOSAL**:

- Disposal of used Additox® should be in accordance with local regulations. Contact your local waste management facility for disposal instructions.

**STORAGE & DISPOSAL**:

- Store Additox® in a cool, dry place, away from direct sunlight.
- Do not freeze Additox®. Return unused portions of Additox® to the manufacturer for disposal.
