- Do not eat, drink or smoke when handling this product.
- Avoid contact with eyes and skin.
- Keep out of reach of children.

CHEMICAL EMERGENCY #1-800-643-8300

PRECAUTIONARY STATEMENTS

DIRECTIONS FOR USE

Peroxide is used in the production of sodium peroxide. Sodium peroxide is used in the bleaching and whitening of paper, textiles, and other materials. It is also used in the production of other chemicals, such as hydrogen peroxide. Sodium peroxide is supplied in aqueous solution and is used in the treatment of water to remove contaminants such as iron, copper, and manganese. It is also used in the production of other chemicals, such as hydrogen peroxide.

Keep out of reach of children.
