FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently
with water for 15-20 minutes. Remove contact lenses, if
present, after first 5 minutes, then continue rinsing. Call a
Poison Control Center or doctor for treatment advice.

IF ON SKIN: Take off contaminated clothing. Rinse skin
immediately with plenty of water for 15-20 minutes. Call a
Poison Control Center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor
for treatment advice. Have the person sip a glass of water
if able to swallow. Do not induce vomiting unless told to
do so by the Poison Control Center or doctor. Do not give
anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not
breathing call 911 or an ambulance, then give artificial
respiration, preferably mouth-to-mouth, if possible. Call a
Poison Control Center or doctor for treatment advice.

Have the product container or label with you when calling a poison
control center, doctor or going for treatment. You may also contact
1-800-424-9300 for emergency treatment information.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the
use of gastric lavage.
