MADE in USA
Foster® First Defense® Disinfectant Concentrate is a complete, chemically balanced disinfectant and sanitizer that provides clear use solutions even in the presence of hard water. It is mildest at what will effectively inhibit the growth of mold and mildew and the odors caused by them when applied to hard nonporous surfaces.

Use in homes, schools, hospitals, offices, buildings, nursing homes, day care centers, transportation terminals, and other public and institutional facilities. Use on washable hard, nonporous surfaces of tables, non-wooden picnic tables, countertops, cabinets, chairs, floors, walls, desks, doorknobs, showers, sinks, and other non-porous surfaces such as metal and finished woodwork, as well as coils and drain pans of air conditioning and refrigeration equipment and heat pumps.

This product is a sanitizer for hard nonporous non-food contact surfaces according to the method for Sanitizers - Non-food Contact Surfaces, modified in the presence of 500 ppm hard water plus 5% organic serum in 60 seconds against Klebsiella pneumoniae, Staphylococcus aureus.

As a disinfectant, Foster® First Defense® kills Pandemic 2009 H1N1 influenza A virus.

**Use this product:**
- To clean and disinfect nonporous personal protective safety equipment: protective headgear, hard hats, half-mask respirators, full face breathing apparatus, gas masks, goggles, spectacles, face shields, hearing protectors and ear muffs. Rinse all equipment that comes in prolonged contact with skin before reuse with clean warm water (about 120°F) and allow to dry. (Caution: Cleaning at 120°F temperature to avoid overheating and distortion of the personal safety equipment which would necessitate replacement).
- In federally inspected Meat & Poultry Plants as a disinfectant or non-food contact sanitizer on all surfaces in inedible product processing areas, non-processing areas and/or exterior areas. This product was authorized by USDA as category D1 under the prior authorization program and its formula has not been changed.
- For Swine Premise Sanitation: Feeders, Hauling Equipment, Dressing Plants, Loading Equipment, Farrowing Barns and areas, Nursery blocks, Creep area, Chutes.

**PRECAUTIONARY STATEMENTS**

**HAZARDOUS TO HUMANS AND DOMESTIC ANIMALS**

**DANGER:** Corrosive. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin or on clothing. Wear protective eyewear (goggles, face shield or safety glasses), protective (rubber or chemical resistant) gloves and protective clothing. Harmful if swallowed or absorbed through the skin. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

**FIRST AID**

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. **IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling poison control center or doctor for treatment.

**STORAGE AND DISPOSAL**

STORAGE AND DISPOSAL (Household/Residential) Store in original container in areas inaccessible to children. Nonrefillable container. Do not reuse or refill this container. Wrap container and put in trash or offer for recycling if available. STORAGE AND DISPOSAL (Commercial/Institutional/Industrial) Do not contaminate water, food or feed by storage or disposal. PESTICIDE STORAGE: Open dumping is prohibited. Store in original container in areas inaccessible to children. PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Clean container promptly after emptying. Triple rinse as follows: Fill container ¾ full with water and reclose the container. Agitate vigorously, and dispose of rinsate consistent with pesticide disposal instructions. Repeat two or more times. Then offer for recycling if available or puncture and dispose in a sanitary landfill or by other procedures approved by state and local authorities. Follow pesticide disposal instructions for rinsate. If not triple rinsed, these containers are acute hazardous waste and must be disposed in accordance with local, state, and federal regulations.
