- Weighing: 1.5 lbs or more
- 8 weeks and older

**Kills all stages of Deer Ticks that may carry Lyme disease**

**Active Ingredients:**
- Fipronil .................. 9.80%
- (S)-Methoprene ............ 11.80%
- Other Ingredients ............ 78.40%

**Total .................... 100.00%**

**Contains Fipronil and (S)-Methoprene, the active ingredients used in Frontline Plus®**

**Net Contents:**
- 0.051 fl oz (1.5 mL),
- Contains 3 tubes,
- each 0.017 fl oz (0.5 mL)

**Easy to Use**

1. Remove one applicator tube from the package.
2. Twist dispensing tip clockwise about 1/2 turn while pushing down to break the tube’s seal. Do not remove the cap.
3. Position the dispensing tip on the cat’s back between the shoulder blades. Use the dispensing tip to press product dispenser against the cat’s skin. Do not rub or massage the product into the skin. Separate treated cat from other pets for 24 hours after application.

**Side Effects:**

- Includes signs of skin irritation such as redness,
- Scratching, or other signs of discomfort.
- Gastrointestinal signs such as vomiting or diarrhea have also been reported. If these or other side effects occur, consult your veterinarian or call 1-800-275-1414.

**Monitor your cat after application. Side effects may occur, bathe your cat with mild soap and rinse with large amounts of water.**

**Caution:**

- Keep this product in its tightly closed original container, when not in use. Store in a cool, dry (preferably locked) area that is inaccessible to children and animals.

**Pesticide Storage:**

- If partly filled: Offer for recycling, if available or place in trash.
- If empty: This product may be disposed of on site or at an approved facility.

**Pesticide Disposal:**

- Call your local solid waste management authority or call 1-800-275-1414 for more information.
