CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY

The Conditions of Sale and Limitation of Warranty and Liability statement appearing in the Talinor Herbicide booklet apply to the companion product, CoAct+.

DIRECTIONS FOR USE

CoAct+ is to be used only in those states where Talinor Herbicide is registered. CoAct+ is to be used only in conjunction with Talinor Herbicide. Use of this product with any pesticide other than Talinor Herbicide is strictly prohibited. Not for aquatic use.

Recommended Use Rates
Always add the recommended rate of CoAct+ to the spray solution. Add the appropriate amount of CoAct+ based on the Talinor Herbicide application rate according to the table below.

<table>

Refer to Talinor Herbicide booklet for use directions on mixing this product with Talinor Herbicide.

STORAGE AND DISPOSAL

Storage
Store locked up. Store in original container only. Store in a well-ventilated, secure area out of reach of children and domestic animals. Protect from excessive heat. Keep container closed when not in use. Do not store food, beverages, or tobacco products in the storage area. Prevent eating, drinking, tobacco use, and cosmetic application in areas where there is a potential for exposure to the material. Wash thoroughly with soap and water after handling.

Disposal
Do not reuse container. Dispose of product containers, waste containers, and residues according to local, state, and federal health and environmental regulations.

Container Handling
Non-refillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling if available or puncture and dispose of in a sanitary landfill, or by incineration, or by other procedures approved by state and local authorities.
