- Use Indoors and Outdoors
- May be applied as a spot treatment to mattress seams, edges, and fold of bed. Not for use on pillows, bed linens or clothes. Do not treat entire surface area of mattress. Allow mattress to dry thoroughly before replacing bedding.
- Hold container with nozzle pointed away from you. Can be used as a surface spray. For applications as a crack and crevice or void treatment to outside surfaces. Do not apply as a broadcast spray. Spray into crack, crevice or void areas until thoroughly wet.
- The Fast Start™ aerosol provides a fast control of a wide range of pests including bed bugs, roaches, ants, German cockroaches, earwigs, brown marmorated stink bugs, Asian lady beetles, crickets, earwigs, and sowbugs. For best results, spray in early morning or late evening when insect activity is minimal.
- Avoid contact with pets and people during treatment. Do not apply near food or feed areas or within 10 feet of food preparation areas. Do not apply near food or feed areas or within 10 feet of food preparation areas.
- Do not apply in areas where food is commercially prepared or processed. Do not apply in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served, such as dining rooms, cafeterias, school lunchrooms.
- Do not wet treated articles to the point of runoff. Do not enter or allow others to enter until sprays have dried.
- Remove pets, birds and cover aquariums before spraying.
- USE RESTRICTIONS
- PESTICIDE DISPOSAL AND CONTAINER HANDLING:
- Place in trash or offer for recycling if available.
- TRIATHIONE: May be applied as a spot treatment to mattress seams, edges, and fold of bed. Not for use on pillows, bed linens or clothes. Do not treat entire surface area of mattress. Allow mattress to dry thoroughly before replacing bedding.
- Do not apply indoors near food or feed areas.
