**IMBUE™ Irrigation Surfactant**

**CONTAINS NON-PLANT FOOD INGREDIENTS**

**PRINCIPAL FUNCTIONING AGENTS**

Alkyl Polyglucoside Ester Sulfosuccinate .................................. 12.2%
Constituents Ineffective as Spray Adjuvant ......................... 87.8%

**TOTAL ........................................................................... 100.0%**

All ingredients are approved for use under 40 CFR 180
WA Reg. No. 9349-16005

**KEEP OUT OF REACH OF CHILDREN**

**PRECAUTIONARY STATEMENTS**

**If On Skin:** Wash with plenty of water and soap.

**If In Eyes:** In case of contact with eyes, rinse immediately and at rest.

**If Swallowed:** Do not induce vomiting in order to avoid formation of foam, which can reach respiratory tract. If vomiting is necessary, give an antifoam (dimethicone). Seek medical advice.

**FIRST AID**

- **If On Skin:** Wash with plenty of water and soap.

**GENERAL INFORMATION**

**IMBUE** is a multi-purpose surfactant that significantly reduces the surface tension of water and improves the infiltration of rainfall and irrigation into and throughout the crop root zone.

**IMBUE** may be applied through irrigation systems or conventional sprayers and may be tank mixed or used in conjunction with soil-active chemistries.

**IMBUE** IS DESIGNED FOR USE ON ROW CROPS, FRUITS, NUTS, VINES, OR VEGETABLES. NOT FOR AQUATIC USE.

**DIRECTIONS FOR USE**

**Irrigation Systems:** To achieve best results, apply **IMBUE** with the first irrigation cycle at 1 quart per acre. Apply subsequent applications at 1 pint per acre every 3 to 4 weeks. Adjust application timing depending upon climatic conditions and the water needs of the crop. **IMBUE** may be applied through drip, tape, micro irrigation or overhead irrigation systems. Always use back-flow prevention when injecting **IMBUE** or other injectable products.

**Spray Applications:** Mix at a rate of .125 v/v to .25 v/v (1 to 2 pints per 100 gallons of spray solution). Conduct a compatibility test with all tank mix partners prior to the application. **IMBUE** can be used with most liquid nutrients and crop protectants. Prior to using **IMBUE** as a tank mix adjuvant, read and follow the label directions of all tank mix partners.

**STORAGE AND DISPOSAL**

Protect product from freezing. If product freezes, warm to room temperature before use. Store in original container only and do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at [www.acrecycle.org](http://www.acrecycle.org). Decontaminated containers and materials must be disposed of in a manner allowed by local, state and federal laws and regulations.

**CONDITIONS OF SALE:**

Note: Read the information contained herein before buying or using this product. If the stated terms are not acceptable, return the product at once, unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. Precision Laboratories, LLC warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond Precision’s control prevent elimination of risks in connection with the use of its chemicals. Such risks include, but are not limited to, damage to plants and/or crops to which the material is applied, or lack of complete control and damage caused by drift to other plants or crops. Such risks may occur even though the product is reasonably fit for use as stated herein and even though label directions are followed. Follow directions carefully. Timing, mixture, method of application, weather and other conditions are influencing factors in the use of this product and are beyond the control of the seller. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of the company or any other seller for any and all losses, personal injuries or damages resulting from the use of this product, shall be the purchase price paid by the user or buyer for the quantity of product involved.
