Permethrin* (CAS NO: 52645-53-1) .............. 0.5%
Other Ingredients** ................................ 99.5%
Cis/trans ratio: Max. 55% (±) cis and min. 45% (±) trans.
*Contains petroleum distillate.
**Contains petroleum distillate.

Shake Well Before Using

Not For Use on Humans

To Kill Lice and Louse Eggs: Prior to large-scale applications, spray in an inconspicuous area to test for possible staining or discoloration. Inspect after drying, then proceed to spray entire area to be treated. Hold container upright with nozzle pointing away from you. Depress valve and spray from a distance of 8-10 inches. Spray each square foot for three seconds. Allow all sprayed articles to thoroughly dry before use. Spray only those garments and parts of bedding, including mattresses and furniture that cannot be either laundered or dry cleaned. Do not use on sheets or pillowcases. If lice infestations occur on humans, use a product labeled for use on humans.

Read Entire Label before Each Use

First Aid
If On Skin Or Clothing: • Take off contaminated clothing. • Immediately rinse skin with plenty of water for 15-20 minutes. • Call a poison control center or doctor for further treatment advice.
Note to Physician: Have the product container or label with you when calling a poison control center or doctor for treatment. For additional information on this product (including health concerns, medical emergencies or pesticide incidents) you may call 1-800-858-7378 {or appropriate 800 number}, 24 hours a day, 7 days per week.

PRECAUTIONARY STATEMENTS
Hazardous to Humans and Domestic Animals

CAUTION: Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing.

Physical or Chemical Hazards
Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate! Do not contaminate water, food or feed by storage and disposal.

Non-food areas are areas such as garbage rooms, lavatories, floor drains (to sewers), entries, vestibules, offices, locker rooms, machine rooms, boiler rooms, machine rooms, database and storage areas (after bottling or canning).

When used indoors: Do not enter or allow others to enter until sprays have dried; until vapors, mists and aerosols have dispersed and the treated area has been thoroughly ventilated. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. Do not breathe vapors or spray mist. Wait 2 hours after application, then open windows, vents and doors for 2 hours. If an odor is still detected, additional ventilation is required. Not for broadcast use on indoor residential surfaces. Do not in aircraft cabins. Do not apply when food is present. Do not use in food areas of food handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas where food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms, but excluding areas where foods may be prepared or held.

Management of Bed Bugs
Bedbugs: Spray mattresses, particularly around tufts and seams. Take beds apart and spray into all joints. After mattress is dry, cover with mattress cover and sheet. Do not use mattress without cover. Treat baseboards, moldings and floors. Repeat if reinfestation occurs, but not more than once every 2 weeks. If lice infestations should occur on humans, use a product labeled for use on humans.

Storage and Disposal
Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage: Store in a cool, dry area (inaccessible to children and pets) away from heat, sparks and open flame. Do not freeze.

Pesticide Disposal and Container Handling: Do not puncture or incinerate!
If empty: Place in trash or other for recycling if available. This container may be recycled in aerosol recycling centers. At present, there are only a few such centers in the country. Before offering for recycling, empty the can by using the product according to the label. If partly filled: Call your local solid waste agency for disposal instructions.
