3 packets per pouch
ISO-10

DISINFECTANT FOR HOSPITAL, INSTITUTIONAL AND INDUSTRIAL USE

ISO-10 is a hospital grade disinfectant used to provide effective cleaning, deodorization, and disinfection of non-food contact surfaces. Continued use of the ISO-10 product will assist in controlling surface bacteria in hospitals, nursing homes, medical facilities, hotels and other commercial applications. This product, when used as directed, is formulated to disinfect the following non-porous non-food contact surfaces, inanimate environmental surfaces; floors, walls, metal surfaces, stainless steel surfaces, glazed porcelain, glazed ceramic tile, plastic surfaces, vanity tops, shower stalls, bathtubs, and cabinets. This product meets AOAC Use-Dilution Test Standards for hospital grade disinfectants.

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

DISINFECTION:
To disinfect nonporous, hard, nonporous, non-food contact surfaces, fill a clean container with 1/2 gallon of warm tap water. Open ISO-10 pouch and empty entire pouch contents (all 3 packets – total weight 4.1 grams) into the container. If 3 packets are not present, discard contents and open a new pouch. Shake in a sealed container vigorously for 30 seconds, or decontaminate critical or semi-critical medical devices prior to sterilization or high-level disinfection.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER. CORROSIVE. May cause irreversible eye damage and skin burns. May be fatal if inhaled, swallowed or absorbed through the skin. Do not get in eyes, on skin or on clothing. Do not breathe dust. Remove contaminated clothing and wash before reuse. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

STORAGE AND DISPOSAL
DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL

PESTICIDE STORAGE:
Store in a dry place no higher in temperature than 90°F. Do not store near heat or open flame. Do not mix with sewage, soap, or other corrosive materials.

PESTICIDE DISPOSAL:
Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. This product is for indoor use only.

CONTAINER HANDLING:
Non-refillable container. Do not reuse or refill this container. Completely empty pouch into application equipment by shaking and tapping sides and bottom. If not emptied in this manner, the bag may be considered an acute hazardous waste and must be disposed of in accordance with local, state and federal regulations. When completely empty, offer for returnable, refillable, or compatible container. This product contains methyldihydroxyacetone, benzyl alcohol, ethyl alcohol, diethanolamine, sodium chloride, water and other ingredients.
