**PRINCIPAL FUNCTIONING AGENTS:**

Polyoxyethylene sorbitan monolaurate, methyl esters (C12-18) of fatty acid, polyethylene glycol trimethylolnonyl ether .......................... 99.00%
Constituents Ineffective as Spray Adjuvants............................................................................1.00%
Total ................................................................. 100%

**DESCRIPTION**

DESCEND is a proprietary blend deposition aid, drift reduction agent, and penetrant containing alkylphenol ethoxylate active agent. DESCEND reduces the formation of driftable fines, spray evaporation, and droplet bounce. DESCEND minimizes off-target drift from spray applications by creating a more uniform spray pattern and droplet velocity. DESCEND maximizes pesticide performance by improving spray coverage, spray adhesion, and penetration of target species.

**DIRECTIONS FOR USE**

DESCEND is designed for use with other adjuvants, herbicides, fungicides, insecticides, plant growth regulators, and plant nutrients.

**MIXING INSTRUCTIONS**

The addition of an adjuvant to some pesticides or pesticide tank mix combinations may cause phytotoxicity to susceptible crops. For tank mixes, add this product last. If physical compatibility is unknown, use a jar compatibility test.

**STORAGE AND DISPOSAL:** Ensure good ventilation of the work station. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Ground/bond container and receiving equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Flammable vapors may accumulate in the container. Use explosion-proof equipment. Wear personal protective equipment. DO NOT contaminate water, food or feed by storage and disposal. Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers may also be disposed of in a sanitary landfill.

**KEEP OUT OF REACH OF CHILDREN**

**WARNING**

COMBUSTIBLE LIQUID

FIRST AID: GENERAL: If you feel unwell seek medical advice. IF SWALLOWED: Get medical advice if you feel unwell. IF INHALED: Move person to fresh air and keep comfortable for breathing. IF IN EYES: Rinse eyes with water as a precaution. IF ON SKIN: Wash skin with water/shower. Remove all contaminated clothing.

**PRECAUTIONARY STATEMENTS:** Keep away from heat, hot surfaces, open flames, sparks. No smoking. In case of fire: Use dry sand, dry extinguishing powder, alcohol resistant foam to extinguish. Store in a well-ventilated place. Keep cool. Dispose of contents/container to comply with local, state, and federal regulations.

**PERSONAL PROTECTIVE EQUIPMENT:** Applicators and other handlers must wear: Wear eye protection, protective gloves, protective clothing.

**CONDITIONS OF SALE:** The statements made on this label are believed to be true and accurate but because of conditions of use which are beyond our control, Native Earth does not make nor does it authorize any agent or representative to make any warranty, guarantee or representation, expressed or implied, concerning this material or the use thereof, except in conformity with the statements of the label. Neither Native Earth nor the seller shall be held responsible in any manner for any personal injury or property damage or loss resulting to the buyer or to the other person from handling, storage or use of this material not in accordance with the directions. The buyer assumes all risk and liability resulting from improper handling, storage or use and accepts and uses this material on these conditions. This product meets EPA requirements under Title 40 CFR 180.
