SAPSTAIN CONTROL BOOSTER NP-1 ADDITIVE

**ACTIVE INGREDIENTS:**
- 5-Chloro-2-methyl-4-isothiazolin-3-one 10.40%
- 2-Methyl-4-isothiazolin-3-one 3.78%

**INERT INGREDIENTS:**
Total: 85.90% 100.00%

---

**KEEP OUT OF REACH OF CHILDREN**

**DANGER**

**FIRST AID**

**IF ON SKIN:**
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 min.
- Call a poison control center or doctor for treatment advice.

**IF IN EYES:**
- Hold eye open and rinse slowly and gently with water for 15-20 min.
- Remove contact lenses, if present, after first 5 min. then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

**IF INHALED:**
- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
- Call a poison control center or doctor for further treatment advice.

**IF SWALLOWED:**
- Call a poison control center or doctor immediately for treatment advice.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Have person sip a glass of water if able to swallow. Do not give anything to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**IN CASE OF EMERGENCY CALL 1-800-548-0489**

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsions may be necessary.

**CORROSIVE**

CAUSES IRREVERSIBLE EYE DAMAGE AND SKIN BURNS

MAY BE FATAL IF ABSORBED THROUGH THE SKIN OR SWALLOWED

MAY CAUSE ALLERGIC SKIN REACTION

HARMFUL IF INHALED

Do not get in eyes, on skin, or on clothing. Mixers, loaders and others exposed to this product must wear: long-sleeved shirt and long pants; chemical resistant gloves such as nitrile or butyl rubber; shoes plus socks; goggles and face shield; and chemical resistant apron. Discard clothing or other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them. Follow the manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exists, use detergent and hot water. Keep and wash PPE separately from other laundry. Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly. This product may cause skin sensitization reactions in some people.

**ENVIRONMENTAL HAZARDS**

This chemical is toxic to aquatic plants, fish and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA. Do not contaminate water by cleaning of equipment or disposal of waste. Apply this pesticide only as specified on this label.
STORAGE AND DISPOSAL

PESTICIDE STORAGE
Do not store or transport in unlined metal containers. Do not contaminate water, food or feed by storage, disposal or cleaning of equipment. Do not apply this product in a way that will contact workers or other persons.

PHYSICAL AND CHEMICAL HAZARDS
This product is corrosive to mild steel.

PESTICIDE DISPOSAL
Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL
Nonrefillable container. Do not reuse or refill this container. Triple rinse or pressure rinse container (or equivalent) promptly after emptying. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by procedures approved by state and local authorities.

NOTICE
Seller warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions.
SELLER makes no other express or implied warranty of merchantability or fitness for a particular purpose or any other express or implied warranty.

Manufacture Date:
EPA Reg. No. 707-128-92617
EPA Est No. 9002-IA-1

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

WOOD AND WOOD PRODUCTS
SAPSTAIN Control Booster NP-1 Additive is recommended for the protection of wood and wood products, such as landscape timbers, fences, posts, terrestrial-use pilings, cross ties, decks, and similar exterior structures from mold and mildew. Treat southern yellow pine, hemlock, ponderosa pine, and other soft woods with 21-68 ppm SAPSTAIN Control Booster NP-1 Additive (0.23-0.73 pound or 2.7-8.7 fluid ounce of SAPSTAIN Control Booster NP-1 Additive per 1000 gallon) as an aqueous dip, pressure or spray treatment for mold and mildew control. Under extreme mildew conditions, treat with 170 - 340 ppm SAPSTAIN Control Booster NP-1 Additive (1.9-3.7 pound or 22-44 fluid ounce) per 1000 gallon of wood treatment solution. May be used at higher concentrations so long as the end use product/article does not exceed a maximum concentration of 48 ppm active isothiazolones. Thoroughly wet and allow to dry. A single application will afford protection for 12 weeks. For spray treatment only; a negative-pressure spray box equipped with effective mist elimination may be used. Application rates will vary according to wood species and moisture content, temperature, humidity, storage conditions and inoculum pressure. Ensure that the treatment conditions are such that the wood articles are uniformly covered with the treating solution. Monitor spray booth mixtures to ensure proper concentrations are being maintained.

SAPSTAIN Control Booster NP-1 Additive weighs 10.8 pounds per gallon.
store or transport in unlined metal containers. Do not contaminate food, water or feed by storage, disposal or cleaning of equipment. Do not apply this product in a manner that will contact workers or other persons.

Peroxides may be harmful or fatal if inhaled, swallowed, or absorbed through skin. If they are harmful or fatal, use personal protective equipment appropriate for the expected exposure. If you must wear PPE, you must wear the following: long-sleeved shirt and long pants; chemical resistant gloves such as nitrile or butyl; chemical resistant footwear; and a chemical resistant apron. If a peroxide is harmful or fatal, take this product to a medical facility with the label or product container. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste Management Staff of your local government agency, or see local EPA representative at the nearest EPA Regional Office for guidance.

Pesticide or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions or for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by procedures approved by state and local authorities. Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste Management Staff of your local government agency, or see local EPA representative at the nearest EPA Regional Office for guidance.
