**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**GENERAL PRECAUTIONS AND RESTRICTIONS:**

**FOR INDUSTRIAL USE**

**DILUTE BEFORE USING**

Do not apply this product in a way that will contact workers or other person, either directly or through drift. Only protected handlers may be in the area during application.

Wear synthetic rubber gloves or plastic coated gloves in handling solutions and freshly treated lumber. Treated sawdust and other wood wastes should be disposed of properly and should not be used as mulch where it will come into contact with useful living plants. Care should be taken to prevent drip or spray from contacting ornamental shrubs, trees, grass, and other desirable vegetation.

**GENERAL INFORMATION**

**Description:** Workhorse® Sapstain and Mold Control Product is a liquid concentrate containing an effective combination of fungicides for the control of sapstain and surface staining fungi that cause discoloration and staining of freshly sawn lumber. Workhorse® Sapstain and Mold Control Product is an aqueous solution which may be applied to dimensional lumber, logs, plywood and particle board to prevent surface mold growth.

**Dilution Ratio:** Workhorse® Sapstain and Mold Control Product is dilutable with water. For limer in dip systems, use 1 gallon of concentrate per 50 gallons to 200 gallons of water to protect against bleaching of timber. For pressure or dip systems, use 1 gallon of concentrate per 5 to 25 gallons of water. Contact Kop-Coat, Inc. for recommendations and further information.

**Application Instructions:** Flood spray or dip the freshly sawn lumber to be treated in Workhorse® Sapstain and Mold Control Product solution within 24 hours after cutting. A dip of 15 seconds to 1 minute is sufficient. If not treated within 24 hours, stain may occur.

Lumber should be totally immersed or sprayed to ensure treatment. Tanks should be covered by a roof to prevent rain from entering. The addition of a power agitator or spray equipment should be cleaned regularly to remove sawdust and other debris. Freshly treated lumber should not be exposed to water. Store in protected area from rain and stack properly for best results.

**Clean Up:** Use water to clean immersion tanks, spray equipment and surrounding area. Soapy water must be used to remove Workhorse® Sapstain and Mold Control Product from floors and equipment.

**STORAGE AND DISPOSAL**

Do not store in weather exposed, frost or heat by storage or disposal. Storage: Store in a closed, properly labeled container in a cool place. If static generating conditions exist, provide necessary grounding and bonding. Keep containers closed when not in use. Storage: Store in a cool, dry, well-ventilated warehouse. Keep shakes free from dust, dirt and other foreign matter. Do not store in a manner that may present a fire, health or physical hazard.

**Pesticide Disposal:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray rinse water, or associated material can result in either acute or chronic pesticide exposure, thereby endangering public health and the environment. Be sure to dispose of containers and unused material in an environmentally safe manner. Disposal of unused pesticide must be in accordance with Federal, State, and local regulations. When disposing of the waste, follow the applicable Federal, State, and local laws. It is illegal to pour any pesticide into the ground or into surface or ground water systems.

**Container Handling:** Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container 1/2 full with water. Replace and tighten closures. Tip container on its side and roll it back forth ensuring at least one complete revolution for 30 seconds. Stand the container on its end and tip it back forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinse into application equipment rinse to do so by a poison control center or doctor. Do not dispose of any waste pesticide by mixing it with other materials and applying to crops, trees, shrubs or other vegetation.

**Net Contents:** Gallons

**EPA Reg. No. 92617-17**

**EPA Est. No. 6061-AM-1**

**Storage:** Secure containers and store in a dry, cool place. Do not store in weather exposed, frost or heat by storage or disposal.

**Recommended Uses:**

- Use in control of blue stain, mold and decay of freshly cut lumber, dry lumber and other wood based products when properly used. Effective on softwoods including Douglas fir, White fir, Spruce, Hemlock, the Pines including both the Southern and Western Yellow Pines, Eastern and Western White Pines and many of the hardwoods.
- Aids in the control of blue stain, mold and decay of freshly cut lumber, dry lumber and other wood based products when properly used. Effective on softwoods including Douglas fir, White fir, Spruce, Hemlock, the Pines including both the Southern and Western Yellow Pines, Eastern and Western White Pines and many of the hardwoods.
- **KEEP OUT OF REACH OF CHILDREN**

**EPA:**

**ACTIVE INGREDIENTS**

1. (IPBC) 3-Iodo-2-Propynyl Butyl Carbamate 1.10%
2. (Propiconazole) 1-[2-(2,4-dichlorophenyl)-4-propyl-1,3-dioxolan-2-yl]-methyl-1H-1,2,4-triazole 1.10%
3. **TOTAL** 97.80%
4. **Net Contents:** Gallons

**FIRST AID**

**IF IN EYES**

- Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

**IF ON SKIN OR ON CLOTHING**

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.
- Call a poison control center or doctor for treatment advice.

**IF SWALLOWED**

- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person.
- Call a poison control center or doctor for further treatment advice.

**IF INHALED**

- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
- Have person sip a glass of water if able to swallow.
- Call a poison control center or doctor for treatment advice.
- Call a poison control center or doctor for further treatment advice.

**HOT LINE NUMBERS**

- Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 800-548-0489 for emergency medical treatment information.
- Transportation emergency contact 800-424-9300.

**NOTE TO PHYSICIAN**

If swallowed, induce vomiting if person is not breathing, call a poison control center or doctor, or going for treatment. You may also contact 800-548-0489 for emergency medical treatment information.

**Environmental Hazards**

This pesticide is toxic to fish and aquatic invertebrates. Do not apply directly to water. To avoid harmful drift, do not apply to water or to land that is drained by surface or underground waterways. Applying this product near water will result in unacceptable residues on fish. To avoid drift, do not apply to water and do not allow treated water to contact ponds, streams, or other bodies of water. To avoid run-off, do not apply to land that is drained to surface or underground waterways. This product is toxic to bees. Do not apply this product when bees are present. Avoid exposing bees to treated areas. 

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

DANGER (Poisonous)

- Causes skin burns. Causes irreversible eye damage. Harmful if absorbed through skin. Harmful if inhaled. Harmful if swallowed. Do not get in eye, on skin, or on clothing. Avoid breathing spray mist. Wear protective eyewear and clothing (goggles or face shield), coversall worn over long-sleeved shirt and long pants, socks, chemical-resistant footwear, and chemical-resistant gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

**PERSONAL PROTECTIVE EQUIPMENT (PPE)**

- Use water spray or fog, foam, or carbon dioxide to extinguish fire. Use water spray or fog to control dust of burning material. 

**USER SAFETY REQUIREMENTS**

- Follow manufacturers’ instructions for cleaning and handling. If no such instructions exist for washables, use detergent and water. Keep and wash PPE separately from other laundry.
- Wash and dry clothing and other absorbent materials that have been drenched or heavily contaminated with this product’s concentrate. Do not reuse them.

**USER SAFETY RECOMMENDATIONS**

- Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Remove clothing/PPE immediately if pesticide gets in contact. Wash thoroughly and put on clean clothing.
- Store treated equipment properly and keep working. Avoid exposure to treated equipment.

**ENVIROMENTAL HAZARDS**

This pesticide is toxic to fish and aquatic invertebrates. Do not apply directly to water. To avoid harmful drift, do not apply to water or to land that is drained by surface or underground waterways. Applying this product near water will result in unacceptable residues on fish. To avoid drift, do not apply to water and do not allow treated water to contact ponds, streams, or other bodies of water. To avoid run-off, do not apply to land that is drained to surface or underground waterways. This product is toxic to bees. Do not apply this product when bees are present. Avoid exposing bees to treated areas. 

**PHYSICAL OR CHEMICAL HAZARDS**

- Combustible, do not use near open flames or heat sources.

**IN CASE OF FIRE**

Use water spray as a fire extinguisher, dry chemical or carbon dioxide to extinguish fire.

**LIMIT OF LIABILITY AND WARRANTY**

We warrant this material to comply with our published specifications and to be of good merchantable quality and such as will result in its being suitable for the purposes of goods of the description, and further warrant such goods to be fit for the normal purpose for which goods are used. We assume no responsibility for the goods concerned in this contact if for any particular purpose for which they are being bought outside of the general purposes of goods of the description.
