**DIRECTIONS FOR USE**
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**GENERAL PRECAUTIONS AND RESTRICTIONS:**

**FOR INDUSTRIAL USE**

**DILUTE BEFORE USING**

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

Wear synthetic rubber gloves or plastic coated gloves in handling solutions and freshly treated lumber. Treated sawdust and other wood wastes should be disposed of properly and should not be used as mulch where it will come into contact with useful living plants. Care should be taken to prevent drip or spray from contacting ornamental shrubs, trees, grass, and other desirable vegetation.

**GENERAL INFORMATION**

**Description**: Workhorse® II Sapstain and Mold Control Product is a liquid concentrate containing an effective combination of fungicides for the control of sapstain and surface staining fungi that cause discoloration and staining of freshly sawn lumber. Workhorse® II Sapstain and Mold Control Product is an aqueous solution which may be applied to dimensional lumber, logs, plywood and particle board to prevent surface mold growth.

**Dilution Ratio**: Workhorse® II Sapstain and Mold Control Product is dilutable with water. For lumber in dip systems, use 1 gallon of concentrate per 50 gallons to 200 gallons of water to protect against staining organisms (at 200:1 dilution, fungal resistance is up to 3 months on softwoods). Aids in the control of blue stain, mold and decay of freshly cut lumber, dry lumber and other wood based products when properly used. Effective on softwoods including Douglas fir, White fir, Spruce, Hemlock, the Pines including both the Southern and Western Yellow Pines, Eastern and Western White Pines and many of the hardwoods.

**KEEP OUT OF REACH OF CHILDREN**

**DANGER**

**Active Ingredients**

- Diiodomethyl-para-Tolyl sulfone 0.30%
- Propiconazole 1-
 - [2-(2,4-dichlorophenyl)-4-propyl-1,3-dioxolan-2-yl]-methyl-1H-1,2,4-triazole 1.10%
- N,N,N’,N’-Tetramethylethylene diamine 1.10%
- Tetraethyleneglycol 97.90%
- TOTAL 100.00%

Read Warranty on side panel before buying or using. If such terms are not acceptable, return at once unopened.

**USER SAFETY RECOMMENDATIONS**

- Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Remove clothing/PPE immediately if pesticide gets inside. Wash thoroughly and put on clean clothing.
- Remove personal protective equipment immediately after handling this product. Wash outside of gloves before removing. As soon as possible wash thoroughly.

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to fish and aquatic invertebrates. Do not apply directly to water. Do not contaminate water when disposing of equipment or waste. Do not contaminate water, food, or feed by storage or disposal. Do not apply directly to water or to areas where surface water is present, after the first 5 minutes, then continue rinsing eye.

- If the product is to be used for landscape purposes, the following must be done prior to treatment: 
  - Lay a 6 inch impermeable liner (asphalt, concrete) and be of sufficient height to prevent runoff during heavy rainfall events.
  - Runoff into the nearby waterway. If a berm or curb is used around the site, it should consist of impermeable material (clay, asphalt, concrete) and be of sufficient height to prevent runoff during heavy rainfall events.

**FIRST AID**

1. Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
2. Call poison control center or doctor for treatment advice.
3. Take off contaminated clothing.
4. Rinse skin immediately with plenty of water for 15 to 20 minutes.
5. Call poison control center or doctor for treatment advice.
6. Remove and wash contaminated clothing before reuse.
7. As soon as possible wash thoroughly.
8. If swallowed, do not induce vomiting unless told to do so by a poison control center or doctor.
9. Do not give anything by mouth to an unconscious person.

**PHYSICAL OR CHEMICAL HAZARDS**

This pesticide is toxic to fish and aquatic invertebrates. Do not apply directly to water. Do not contaminate water when disposing of equipment or waste.

**NOTES**

- Use water spray or fog, foam, dry chemical or carbon dioxide to extinguish fire.
- Use water to cool immersion tanks, spray equipment and surrounding area. Soapy water may be required to remove Workhorse® II Sapstain and Mold Control Product from floors and equipment.

**STORAGE AND DISPOSAL**

- Store in a cool, dry place, out of reach of children.
- Do not store or use near food or water supplies.
- Keep in its original container.
- After use, wash all equipment and clothing with soap and water.

**Container Handling**

- Non-refillable container. Do not reuse or refill this container.
- Store in a cool, dry place, out of reach of children.
- Do not store container in places where it will be exposed to sunlight or temperature extremes.
- Do not store container near heat or open flame.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**DANGER**

- Causes skin burns. Causes irreversible eye damage. Harmful if absorbed through skin. Harmful if inhaled. 
- Inhaling vapors or aerosol. Do not get in eyes, on skin, or on clothing. Avoid breathing spray mist. Wear protective eye/wear (goggles or face shield), coveralls worn over long-sleeved shirt and long pants, socks, chemical-resistant footwear, and chemical-resistant gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

**PERSONAL PROTECTIVE EQUIPMENT (PPE)**

- Eye Protection: Wear synthetic rubber gloves or plastic coated gloves in handling solutions and freshly treated lumber. Treated sawdust and other wood wastes should be disposed of properly and should not be used as mulch where it will come into contact with useful living plants. Care should be taken to prevent drip or spray from contacting ornamental shrubs, trees, grass, and other desirable vegetation.

**APPLICATION INSTRUCTIONS**

- Flood spray or dip the freshly sawn clean lumber to be treated in Workhorse® II Sapstain and Mold Control Product solution within 24 hours after cutting. A dip of 15 seconds or more is sufficient. If not treated within 24 hours, stain may occur.

**FIRST AID**

- First Aid
  - Water: Use water to cool immersion tanks, spray equipment and surrounding area. Soapy water may be required to remove Workhorse® II Sapstain and Mold Control Product from floors and equipment.
  - Spill: Flood spray or dip the freshly sawn clean lumber to be treated in Workhorse® II Sapstain and Mold Control Product solution within 24 hours after cutting. A dip of 15 seconds or more is sufficient.

**ENVIRONMENTAL HAZARDS**
