DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

GENERAL PRECAUTIONS AND RESTRICTIONS:
FOR INDUSTRIAL USE

DILUTE BEFORE USING
Do not apply this product in a way that will contact workers or other person, either directly or through drift. Only protected handlers may be in the area during application.

Work synthetic rubber gloves or plastic coated gloves in handling solutions and freshly treated lumber. Treated sawdust and other wood wastes should be disposed of properly and should not be used as mulch where it will come into contact with useful living plants. Care should be taken to prevent drip or spray from contacting ornamental shrubs, trees, grass, and other desirable vegetation.

GENERAL INFORMATION
Description: Workhorse® III Sapstain and Mold Control Product is a liquid concentrate containing an effective combination of fungicides for the control of sapstain and surface staining fungi that cause discoloration and staining of freshly sawn lumber. Workhorse® III Sapstain and Mold Control Product is an aqueous solution which may be applied to dimensional lumber, logs, plywood and particle board to prevent surface mold growth.

Dilution Ratio: Workhorse® III Sapstain and Mold Control Product is dilutable with water. For lumber in dip systems, use 1 gallon of concentrate per 50 to 200 gallons of water to protect against staining organisms (at 200:1 dilution, fungal resistance is up to 3 months on softwoods). For spray dip systems, use 1 gallon of concentrate per 50 to 200 gallons of water to protect against Dilution Ratio: prevent surface mold growth.

Lumber should be totally immersed or sprayed to ensure treatment. Tanks should be covered by a roof from contacting ornamental shrubs, trees, grass, and other desirable vegetation.

Clean Up: Use water to clean immersion tanks, spray equipment and surrounding area. Soapy water may be required to remove Workhorse® III Sapstain and Mold Control Product from floors and equipment.

Storage and Disposal
Do not contaminate water, food, or feed by storage or disposal.

Storage: Store in a closed, properly labeled container in a cool place. If static generating conditions exist, provide ventilation.

Disposal: Do not dispose of concentrate, rinse water or other wash water into any drainage system. Rinse all containers thoroughly to remove all residue. Wash rinse water down the drain.

In Case of Fire
Use water spray for fire. Smoke, dry chemical or carbon dioxide to extinguish fire.

LIMIT OF WARRANTY AND LIABILITY
We warrant this material to comply with our published specifications and to be of good merchantable quality and such as will satisfy the reasonable purchaser for which goods are used. We assume no responsibility that the goods concerned in this contract are fit for any particular purpose for which goods are used. We shall not be responsible for loss or damage caused by the use of any of our products.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER

POISONOUS, Causes skin burns. Causes irreversible eye damage. Harmful if absorbed through skin. Harmful if inhaled. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Avoid breathing spray mist. Wear protective eyewear (goggles or face shield), covers all worn over long-sleeved shirt and long pants, socks, chemical-resistant boots, and chemical-resistant gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

PERSONAL PROTECTIVE EQUIPMENT (PPE)
Applicators and other handlers should wear:
1. Coveralls over long-sleeved shirt and long pants.
2. Chemical-resistant boot plus socks.
3. Goggles or safety glasses with face shield.
4. Chemical-resistant gloves (such as butyl, neoprene, nitrile, neoprene rubber and vinyl).
5. Respirator with an organic vapor/pressure-cleaning filter with a preeval filter for pesticides (MASHNASH approved ppe-TC-410) or as a canister approved for pesticides (MASHNASH approved ppe-TC-410) or as a canister approved for pesticides (MASHNASH approved ppe-TC-410) or as a canister approved for pesticides (MASHNASH approved ppe-TC-410) or as a canister approved for pesticides (MASHNASH approved ppe-TC-410) or as a canister approved for pesticides (MASHNASH approved ppe-TC-410).

USER SAFETY REQUIREMENTS
Follow manufacturers’ instructions for use. If not such instructions exist, washes, use detergents and wash PPE separately from other laundry.

Discharge and other absorbent materials that have been drenched or heavily contaminated with this product’s concentrate. Do not reuse them.

USER SAFETY RECOMMENDATIONS
Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

Store clothing and other absorbent materials that have been drenched or heavily contaminated with this product’s concentrate. Do not reuse them.

Environmental Hazards
This pesticide is toxic to fish and aquatic invertebrates. Do not apply directly to water. Do not contaminate water when disposing of equipment/waste materials. Wash all equipment, including the container, with clean water immediately after use. Do not apply this pesticide to areas from which runoff into any waterbody may occur. Do not discharge directly into any waterbody or pond.

In Case of Fire
Use water spray for fire. Smoke, dry chemical or carbon dioxide to extinguish fire.

LIMIT OF WARRANTY AND LIABILITY
We warrant this material to comply with our published specifications and to be of good merchantable quality and such as will satisfy the reasonable purchaser for which goods are used. We assume no responsibility that the goods concerned in this contract are fit for any particular purpose for which goods are used. We shall not be responsible for loss or damage caused by the use of any of our products.

Workhorse® III Sapstain and Mold Control Product

Aids in the control of blue stain, mold and decay of freshly cut lumber, dry lumber and other wood based products when properly used. Effective on softwoods including Douglas fir, White fir, Spruce, Hemlock, the Pines including both the Southern and Western Yellow Pines, Eastern and Western White Pines and many of the hardwoods.

US Patent Number 6,375,727 and 7,056,919. Additional Patents Pending
