GENERAL PRECAUTIONS AND RESTRICTIONS:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

GENERAL INFORMATION

Description: Tru-Core® Millwork Preservative Concentrate is a clear, penetrating, water repellent preservative for wood. It protects against decay fungi (such as brown or white rot), staining fungi (such as blue stain), surface mold (such as black, brown or other colored molds) and dimensional change.

Product Uses: Millwork, shingles, siding, plywood, hardwood, faceboard, fencing, weatherboard, engineered wood products, structural lumber (above ground use only) and other wood products.

Preparation: Machine, cut, glue and sand wood as desired before treating. Do not use over previously finished or stained wood without stripping off old finish. Do not use steel wool. Wood must be clean.

Finishing: Before glazing, painting or varnishing, treatment must be completely dry. Allow 24 to 48 hours under average temperature and humidity conditions. Can be used for plant production. Use a sealer such as shellac before using lacquers.

Clean Up: Use water to clean immersion tanks, spray equipment and surrounding area.

Dilution before using: Dilution may range from 1 part of water to 1 part concentrate up to 100 parts of water to 1 part concentrate by volume.

Application Instructions: Treating solution, wood and surrounding air must be above 60°F (15.6°C). Apply by immersion, roller coater, flood, spray, vacuum, pressure or brush. Any surface cut after first treatment must be sealed.

Mixing Instructions: Contact Kop-Coat, Inc. for proper step-by-step instructions. Can be custom blended with other EPA registered insecticides, fungicides or pesticides, making sure the blend bears labeling that does not prohibit the use of the pesticide in the blend. Material can be mixed on site with appropriate buffers or other Kop-Coat approved products, such as but not limited to, Kop-Coat Buffer Concentrate. Observe the most restrictive of the labeling limitations and precautions of all products used in mixtures.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Storage: Store in a closed, properly labeled container in a cool place. If static generating conditions exist, provide necessary grounding and bonding. Keep containers closed when not in use.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticides, spray mixture, or residue is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Handling: Nonrefillable container. Do not reuse or refill this container. Triton container (or equivalent) promptly after emptying. Triton as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container 1/4 full with water. Replace and tighten closures. Tip container on its side and roll it back and forth ensuring at least one complete revolution for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the residue into application equipment or a mix tank or store residue for later use or disposal. Repeat this procedure two more times. Then offer for recycling if available.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and shrimp. Do not apply directly to water. Do not contaminate water when disposing equipment wastewater. Do not discharge effluent containing this product into lakes, streams, estuaries, oceans, or other waters unless in accordance with the requirements of the National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to any sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of Environmental Protection Agency.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Mixers and loaders using liquid formulation must wear:
1. Long-sleeved shirt and long pants
2. Protective eyewear
3. Shoes and socks, and chemical resistant gloves. Some gloves/materials that are chemical-resistant to this product are barrier laminates, butyl rubber, nitrile, neoprene, PVC and Viton.

USER SAFETY REQUIREMENTS

Follow manufacturer instructions for clean/maintaining PPE. If no such instructions exist for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product’s concentrate. Do not reuse them.

USER SAFETY INSTRUCTIONS

Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.

Remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

Remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING: Causes substantial but temporary eye injury. Causes skin irritation. Do not get in eyes, on skin, or on clothing. Wear protective eyewear (goggles, safety glasses with face shield or safety glasses). Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

PHYSICAL OR CHEMICAL HAZARDS

Keep container closed when not in use. Store in cool, well ventilated space.

IN CASE OF FIRE

Use water spray or fog, foam, dry chemical or carbon dioxide to extinguish fire.

LIMIT OF WARRANTY AND LIABILITY

We warrant this material to comply with our published specifications and to be of good merchantable quality and such as will regularly pass in the trade for goods within the description, and further warrant such goods to be fit for the normal purposes for which goods are used. We assume no responsibility that the goods concerned in this contract are fit for any particular purpose for which they are being bought outside of the general purposes of goods of the description.
