**Betco Triforce** is a concentrate, one-step, hospital grade disinfectant that is effective against a broad spectrum of bacteria, fungi, and viruses including **HIV-1**, **HBV**, **HCV**, **HIV**, and **SARS**. **Betco Triforce** is **one-step disinfectant** and is effective against: **bacteria**, **fungi**, **viruses**, **bacteria**, and **fungicides**. Betco Triforce is also **virucidal**, **fungicidal**, and **bactericidal**.

**DIRECTIONS FOR USE:**

1. **CLEANING PROCEDURE:**
   - Before use, ensure the area to be treated is clean and free of debris, dust, and other materials.
   - Apply the **Betco Triforce** solution to hard, non-porous surfaces or objects.
   - Allow the solution to remain wet for at least 5 minutes. Do not rinse as this may decrease the effectiveness.

2. **FIRST AID:**
   - **IF SWALLOWED:**
     - Do not give anything by mouth to an unconscious person.
     - Give 2-3 cups of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor.
   - **IF IN EYES:**
     - Hold open the eyelids and flush with water for 15 minutes or until all traces of the solution are removed. If vision persists, call a poison control center or doctor. Use a gentle water jet to wash the eyes. Do not rub the eyes.
   - **IF ON SKIN:**
     - Remove contaminated clothing and wash clothing before reuse.
   - **IF INHALED:**
     - Remove the victim to fresh air. If symptoms of irritation occur, consult a physician.
   - **IF INHALED:**
     - Remove the victim from the room or carefully protected.

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**DANGER:**

- **Corrosive.** Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. Wear protective eye and face protection, gloves, and rubber or neoprene aprons. Do not breathe dust or mist. Do not inhale vapors. Do not release to a sewer system.

**STORAGE AND DISPOSAL**

- Store in a cool, dry place. Do not store near heat or open flame. Do not contaminate water, food, or feed by storage or disposal. Do not store in direct sunlight. Do not use or sell if there is visible damage to the container. Do not store in or near any other product containing chlorine. Do not store near other household products, such as cleaning agents or insecticides. Keep out of reach of children.

**Pesticide Disposal:**

- Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a hazard to public health and the environment. Open dumping is prohibited. Store in original container in areas inaccessible to children.

**Notes:**

- This product is not to be used as a terminal sterilization. It is labeled for hospital use only. Do not use on food or in the food service area of a food establishment.
