NET CONTENTS: ONE QUART (32 Fl. Oz.)
Hazards to Humans & Domestic Animals
CAUTION: Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wear long-sleeved shirt, long pants, shoes, socks, and chemical-resistant gloves made of barrier laminate or viton. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

First Aid
If in eyes:
• Hold eye open and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
• Call a poison control center or doctor for treatment advice.

If on skin or clothing:
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes.
• Call a poison control center or doctor for treatment advice.

If swallowed:
• Immediately call a poison control center or doctor.
• Do not induce vomiting unless told to do so by the poison control center or doctor.
• Do not give any liquid to the person. Do not give anything to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-877-800-5556 for emergency medical treatment advice.

Note to Physician: Contains petroleum distillates – vomiting may cause aspiration pneumonia.

Environmental Hazards
This product is toxic to fish. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters. Do not apply when weather conditions favor drift from target area. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas.

Physical and Chemical Hazards
Do not use or store near heat or open flame.
Application timing is critical and is determined by Growing Degree Days (GDD). GDD units are determined by the product per 1 gallon of water to treat each 1,000 square feet of turf. Additional spray preparations for tall fescue applications after green up. Take care with applications to tall fescue during the summer months (July and August).

3.2 Bermudagrass Control in Tall Fescue

Temporary and discoloration will subside. Do not apply to tall fescue turf unless injury can be tolerated. Weather

Note: The application of this product may show slight discoloration to the desirable turfgrass. Symptoms are

3. Bermudagrass Control in Zoysiagrass and Tall Fescue Turf

Spray to obtain thorough coverage of grass foliage, but not to the point of runoff. Do not apply Ornamec 170

used prior to use.
