READY-TO-SPRAY FOR THE CONTROL OF
PLANT PARASITIC NEMATODES IN
CROPS, TURF AND LANDSCAPES

ACTIVE INGREDIENTS:
Cinnamon oil…2.50%
Geraniol …2.50%

INERT INGREDIENTS:
Water, Soap, Palm oil .95.00%

TOTAL: 100.00%

DIRECTIONS FOR USE:
SHAKE WELL BEFORE USING. Connect sprayer to garden hose. Turn on water. To begin spraying, point nozzle in the direction you want to spray. Bend small plastic tab on side of sprayer back and turn dial clockwise to ON position. Spray evenly over measured area. To stop spraying, bend small plastic tab back and turn dial to OFF position. Turn off water pressure by bending plastic tab back and turning dial to OFF position until water slows to a drip. Then turn dial back to OFF position. Disassemble sprayer from garden hose.

APPLICATION RATES:
LARGE AREAS: Where adequate spray will reach the underlying soil around the plants root zone, apply monthly.
SMALL AREAS: Apply at the base of the plant(s) and the surrounding area (at least 2 diameters beyond the plant base). Spray out until it, do not over saturate. Monthly applications are recommended. Additional applications may be needed as needed.

PREPARATORY STATEMENTS:
CAUTION - We recommend good safety practices when using any insecticide, such as avoiding contact with eyes and skin and keeping out of the reach of children. If product gets in eyes, flush with water for at least 15 minutes. If on skin, wash with soap and water. If irritation persists, contact a physician.

STORAGE & DISPOSAL:
Do not contaminate water, food, or feed by storage and disposal.

For the Control of Plant Parasitic Nematodes in Crops, Turf and Landscapes

ITEM NUMBER: 774501 U.S. Patent 13/858,287
