**DIRECTIONS FOR USE:**

**APPLICATION:** For dry soils, irrigate area to be treated before application with clean water. Do not over irrigate following application to avoid driving the solution below the root zone. Do not apply if rain is expected within 24 hours.

**APPLICATION RATES:** Stop Bugging Me! Nematode Control was developed specifically for the control of parasitic nematodes found on agricultural crops, turf, trees, shrubs, fruits, vegetables and ornamentals.

**TREATMENT DOSING RATES:**

**SMALL AREAS:** Apply at the base of the plant(s) and the surrounding area (at least 2’ diameter beyond the plant base). Spray soil until moist, do not over saturate. Monthly applications are recommended; additional applications may be made as needed.

**LARGE AREAS:** Where adequate spray will reach the underlying soil around the plant’s root zone, apply monthly.

**IN ALL APPLICATIONS:** For plants with deeper root system (for example, trees, shrubs, etc.) an increased application rate and spray volume may be required to insure the product reaches the entire root zone. Additional applications may be made as needed if heavy infestation is present or heavy rainfalls occur.

**PRECAUTIONARY STATEMENTS**

**CAUTION** - We recommend good safety practices when using any insecticide, such as avoiding contact with eyes and skin and keeping out of the reach of children. If product gets in eyes, flush with water for at least 15 minutes. If on skin, wash with soap and water. If irritation persists, contact a physician.

**STORAGE & DISPOSAL:** Do not contaminate water, food, or feed by storage and disposal.

**STORAGE:** Store in a cool, dry area.

**DISPOSAL:** When container is empty, offer for recycling if available or discard in trash.
