**SOILTRATE**

**Deposition Aid**

**CAUTION**

**KEEP OUT OF REACH OF CHILDREN**

Read label before use. Keep container tightly closed. Keep only in original container. Do not eat, drink or smoke when using this product. Avoid breathing dust, fume, gas, mist, vapors or spray. Wash hands thoroughly after handling. Wear protective gloves, protective clothing, eye protection and face protection.

**Principal Functioning Agents:**
- Lubricating oils (petroleum), hydro-treated spent, polyethylene glycol trimethylnonl ether, oleic acid...
- Constituents ineffective as spray adjuvants...
- All ingredients are exempt from tolerance under 40 CFR 180. Contains petroleum distillates.

**FIRST AID**

Call a poison control center or doctor immediately for treatment advice. Have the product container with you when calling a poison control center or doctor, or going for treatment.

**IF INHALED:** Remove victim to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth to mouth if possible.

**GENERAL INFORMATION**

NOT FOR AQUATIC USE IN WASHINGTON

**SOILTRATE** is formulated with a superior surfactant system and paraffinic oil to improve deposition and penetration of the active ingredient or nutrients into the target surface.

**SOILTRATE** promotes efficacy by increasing soil adsorption which can help to reduce run-off and leaching of the spray application.

**SOILTRATE** is recommended for application in a broad range of crop and non-crop uses including agriculture, turf and ornamental, industrial vegetation management, and specialty crops.

May be used with herbicides, fungicides, or insecticides.

**DIRECTIONS FOR USE**

Follow the instructions on the most restrictive active ingredient label. Tank mixtures should only be applied within the label recommendations of every product in the tank mixture.

Caution should be used when applying this or any other product on crops during hot, dry conditions. Though phytotoxicity has been evaluated, care should be taken by conducting a jar test or testing this product on sensitive plants before full application is performed.

**ORDER OF ADDITION**

Prior to mixing, fill the spray tank with half of the carrier. Start the sprayer and check to make sure that all valves and gauges work and that there is adequate tank agitation.

In general, follow the W-A-L-E-S plan when adding herbicides to a tank mix.

1. Wettable Powders (WP) then Flowables (F, DF)
2. Agitate then add anti-foaming compounds or buffers.
3. Liquid and Soluble products
4. Emulsifiable concentrates (EC)
5. **SOILTRATE** and other adjuvants

**APPLICATION RATES**

<table>
<thead>
<tr>
<th>Application rate of tank mix by air or ground (gallons per acre)</th>
<th>Application rate of SOILTRATE per acre</th>
</tr>
</thead>
<tbody>
<tr>
<td>0-5</td>
<td>6 to 16 ounces*</td>
</tr>
<tr>
<td>5-30</td>
<td>1 to 4 pints</td>
</tr>
<tr>
<td>Above 30</td>
<td>1% minimum in spray mix</td>
</tr>
</tbody>
</table>

*Ensure 1% minimum is added to the spray tank but do not exceed 5%.

**STORAGE AND DISPOSAL**

Storage: Store in a cool well-ventilated place. Keep in original container tightly closed. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. Do not contaminate water supplies. For optimal storage, store between 40° and 90° F.

Disposal: Do not contaminate water, food or feed by disposal. Dispose of contents in container to an approved waste disposal facility in accordance with all local, regional, national and international regulations. Triple rinse (or equivalent) adding herbicides to a tank mix.

The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org.

**Conditions of Sale and Warranty Limitation:** The Directions for Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of West Central Distribution, LLC or the seller. All such risks shall be assumed by the buyer. West Central Distribution, LLC warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use, subject to the inherent risks referred to above. West Central Distribution, LLC makes no other express or implied warranty of fitness or merchantability or any other express or implied warranty. In no case shall West Central Distribution, LLC or the seller be liable for consequential, special or indirect damages resulting from the use or handling of this product. West Central Distribution, LLC and the seller offer this product, and the Buyer and the User accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by agreement in writing signed by a duly authorized representative of West Central Distribution, LLC.
