USA MADE

Net Contents: 32 fl. oz. / 945 mL ℮

CAUTION: Keep out of the reach of children. See back panel for additional precautions.

Flea & Tick Home Spray was carefully formulated with cats in mind using a unique blend of Peppermint Oil and Eugenol (from Clove plants) to kill fleas and ticks. Its easy-to-handle trigger-sprays have two sprayer settings for both large area coverage and hard to reach crevasses. For over 30 years, Vet’s Best has blended plant-based ingredients that work together to comfort and protect your pet.

**DIRECTIONS FOR USE:**

READ ENTIRE LABEL BEFORE EACH USE AND USE ONLY IN ACCORDANCE WITH LABEL INSTRUCTIONS.

**For Pet Bedding, Cat Furniture, Pillows, Blankets, Upholstery, Carpet, Rugs and Outdoor Surfaces:**

This product is designed to be non-staining when used as directed; however, always apply a small amount to an inconspicuous area to test for colorfastness. Shake well. Spray the surface uniformly with a light mist until moist. Avoid soaking. A fine mist is all that is necessary to be effective. Not recommended for use on fine furniture. Can be used around cats and dogs 12 weeks or older.

**For Cats 12 Weeks or Older:**

Set the trigger-sprayer to the mist setting. Lightly spray cat’s entire coat until damp, but not dripping. Do not spray in the face, nose, eyes or genitals. Cover the entire coat including the legs, tail and stomach. Massage into the coat until the product reaches the skin. Repeat as necessary allowing 2-4 hours between applications. Can be used indoors or outdoors.

In order to help reduce the occurrence of fleas and ticks, this product is best used year round and when combined with other Vet’s Best® products for pet, home and yard.

**PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**HUMANS:**

Causes moderate eye irritation. Wash hands thoroughly with soap and water after use. Prolonged or frequent repeated skin contact may cause allergic reaction in some individuals. For external use only.

**DOMESTIC ANIMALS:**

Sensitivity may occur after use of any product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If irritation persists, consult a veterinarian immediately. Not recommended for use on pregnant or nursing animals. For external use only.

**NOT FOR AQUATIC USE.**

**Storage:** Store in original container in a cool, dry area. Disposal: In accordance with all Federal, State and Local regulations. Do not reuse this container.
