PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Carcinogen. Causes irreversible eye damage. Causes skin burns. May be fatal if ingested. Harmful if inhaled. Do not handle, store, or dispose of empty containers until all residues have been removed. Do not apply to live fish. Do not allow contact of this material with food and drink. Do not allow direct sunlight on container. Do not mix incompatible chemicals. Do not eat, drink or smoke in area. Do not enter confined spaces. Use onlywhereapplicationandcuringcanproceedat temperaturesabove:0°C/32°F. The temperatureofthe product when using the product should notexceed 8°C/46°F. Do not open container above 4°C/39°F. Do not dispose of empty containers in the same manner as unlined drums. Do not pour into sewage systems. Do notallowtocontaminategroundwater orsubsurfacewaterources. Do not contaminate waterways, surface, or groundwater with this material. Do not contaminate waterways, surface, or groundwater with this material.

HAZARDS TO THE ENVIRONMENT

Do not apply this product in any way that will expose worker or others to these hazards. Avoid contact with ground, surface, or groundwater. Do not dispose of container in the same manner as unlined drums. Do not pour into sewage systems. Do not wet any aquatic system, either directly or through drift. Only protected handlers may be in the area during handling. Do not use near heat, open flames, sparks, or other sources of ignition. Do not use near tannins, or in contact with water. Do not use near any water source, including lakes or streams even if isolated from the ocean. Do not use in areas exposed to rain or dew for the first 24 hours. Do not use in areas with freezing temperatures. Do not use in areas exposed to heat or sunlight. Do not use in areas with high humidity. Do not use in areas with high winds. Do not use in areas with high winds. Do not use in areas with high winds. Do not use in areas with high winds. Do not use in areas with high winds. Do not use in areas with high winds. Do not use in areas with high winds.
HEMPAGUARD X7 89900 19744

Part A : 89909

Mixed product 89900 X7 : Part A 89909 MUST be mixed with Crosslinker 98980 (17.8 : 2.2 by volume)

MADE IN PORTUGAL (EPA Est. No. 92689-PRT-1) - Sold by: HEMPEL (USA) INC. 600 Conroe Park North Dr. Conroe, Texas 77303

CONSIGNMENT NO: 89900 X7

Volume: 4.7 / 17.8 litres

Contains (US Gallon) : Part A 89909 4.7 / 17.8 litres

Crosslinker 98980 0.8 / 3.2 litres

INERT INGREDIENTS:

Part A : 89909

VOC content (grams/liter): < 400

VOHAP / VOC content (grams / liter solids): < 765

GENERAL:

Do not apply directly to water by cleaning of equipment or disposal of wastes. Do not allow chips and dust generated during paint removal to enter soil or water. Dispose of paint debris in an approved landfill. Do not discharge effluent containing this product to sewer water. Do not apply this product in any way that will exposes worker or other people to the product or to the dispersed particles of this product. Use of this product is restricted to Certified Applicators or persons under their direct supervision, and only for uses covered by the Certified Applicator's certification.

STORAGE and DISPOSAL PROHIBITIONS:

Nonrefillable containers. Do not reuse this container to hold materials other than this antifouling paint. Do not use or store expired paint in boat or bilge area. Do not use or store this paint outside its container. Do not dispose of container only by burning. Do not pour into water bodies or land. Do not allow chips and dust generated during paint removal to enter soil or water. Do not discharge effluent containing this product to sewer water. Do not apply this product in any way that will exposes worker or other people to the product or to the dispersed particles of this product.

CONTAINER HANDLING:

Nonrefillable containers. Do not use or store expired paint in boat or bilge area. Do not use or store this paint outside its container. Do not dispose of container only by burning. Do not pour into water bodies or land. Do not allow chips and dust generated during paint removal to enter soil or water. Do not discharge effluent containing this product to sewer water. Do not apply this product in any way that will exposes worker or other people to the product or to the dispersed particles of this product.

NOTE TO PHYSICIAN: Probable mucosal damage may contribute to the use of gastric lavage. Contains petroleum distillate. Vomiting may cause aspiration pneumonitis.

RESTRICTED USE PESTICIDE

Due to hazards to non-target organism species and to potential inhalation and dermal health risks when product is used without correct PPE or with incorrect application methods. For sale only to Certified Applicators or persons under their direct supervision, and only for uses covered by the Certified Applicator's certification.
