LICE PROTECTION
Kills Lice on contact to help prevent them from multiplying.
Using Naturally Derived ingredients, Eco Defense is your first line of defense against lice.

BEFORE YOU USE:
This product contains plant oils which are inherently fragrant. For individuals who are sensitive to fragrances, test a small application before using over a larger area.

DIRECTIONS:
Shake Well. Test on an inconspicuous area before use on fabrics. Always spray in a well ventilated area. BEFORE entering your home, remove backpacks, jackets, scarves, shoes, and all types of clothing. Lightly spray each and let dry 15-20 minutes before using again. Do this on a daily basis. Spray Eco Defense Lice Protection thoroughly on all surfaces potentially exposed to lice. Pay close attention to creases, folds, under buttons, zipper cavities, and any small crevice where lice may be hiding.

CAUTION:
Keep Out of Reach of Children. Avoid contact with eyes and skin. If product gets in eyes, flush with water. If on skin, wash with soap and water. If irritation persists, contact a physician.

LIMITATION OF LIABILITY:
To the extent consistent with applicable law, Eco Defense makes no warranties of merchantability or of fitness for a particular purpose, nor any other express or implied warranty except as stated above. Buyer assumes all responsibility for safety and use not in accordance with label, directions, and precautionary statements.

This product has not been registered by the United States Environmental Protection Agency. Eco Defense represents that this product qualifies for exemption from registration under FIFRA.
