Air Freshener • Disinfectant • Sanitizer • Space Deodorizer

**Precautionary Statements**

**Hazards to Humans & Domestic Animals**

**CAUTION:** Harmful if swallowed, absorbed through skin or inhaled. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Thoroughly wash hands and other handling before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

**Physical or Chemical Hazards**

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not throw container into fire or incinerator. Do not use or store sprays or aerosols in the presence of an open flame or other source of ignition. This product is highly flammable. Keep away from open flames.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**Use Restrictions:** This product is not to be used as a terminal sterilant/high-level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which is not ordinarily penetrated by the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to prevent or decontaminate critical noncrucial medical devices prior to decontamination or high-level disinfection.

**Shake Well Before Using**

Homebright® Disinfectant Spray is a germicidal spray product that kills 2009 H1N1 Influenza A Virus (Novel H1N1), Campylobacter jejuni, Escherichia coli, Human Parechovirus, Enterovirus 71, Escherichia coli O157: H7, Staphylococcus aureus, Methicillin-resistant Staphylococcus aureus (MRSA), Pseudomonas aeruginosa, Salmonella enterica, Staphylococcus aureus, Streptococcus pyogenes, Swine Influenza A (H1N1) Virus, F. tularensis, Listeria monocytogenes, Bacillus anthracis (Dried), MRSA, S. aureus, E. coli, Pseudomonas aeruginosa, and other organisms as listed. Use to disinfect hard, nonporous, inanimate surfaces such as athletic equipment, bath mats, diaper pails (metal or plastic), door knobs, garbage cans (metal or plastic), hanger hooks, light switches, locker room benches, locker room shower stalls (glazed ceramic tile or plastic), shower room floors, telephones, toilet seats, nautical vessels and ship (rubber, porcelain or metal).

**Pre-Cleaning**

Before using Homebright® Disinfectant Spray for disinfection and/or sanitization*, thoroughly pre-clean surfaces to be treated.

**Disinfection and Sanitization**

Hold can upright and spray pre-cleaned surfaces from a distance of 6 inches until surface is wet. Allow treated surfaces to remain visibly wet for 10 minutes before wiping with a clean sponge or towel, or let treated surface air dry.

**Air Freshener and Deodorizer**

Spray upward into rooms, such as bathrooms, classrooms, kitchens, living rooms, meeting rooms, exercise rooms, and bedrooms, using 3- to 4-second bursts. Direct the spray into corners and center of room, filling the room with a fine mist.

**Pre-Cleaning**

For pre-cleaning, spray upward into rooms such as bathrooms, churches, classrooms, kitchens, living rooms, meeting rooms, recreation rooms and sickrooms, for 10 minutes before wiping with a clean sponge or towel, or let treated surface air dry.

**Storage and Disposal**

Do not contaminate waste. Thrown into trash by storage or disposal.

**Storage:** Store in a cool, dry, preferably locked storage area away from sources of heat or ignition.

**Disposal:** Waste resulting from the use of this product may be disposed of in accordance with state, county or local regulations. For infectious waste disposal:

- For sharps: Sharps must be disposed of in a sharps container. Contact your local solid waste agency for disposal instructions.
- For used products: Return used aerosol products to your local REJOICE® store for proper disposal.
