**KEEPR OUT OF REACH OF CHILDREN**

**PRECAUTIONARY STATEMENTS**

**Hazards to Human and Domestic Animals**

Avoid contact with skin, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Wear chemical goggles or face shield, chemical-resistant gloves, long-sleeved shirt and long pants, and shoes plus socks as needed.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

If in eyes: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or begin artificial respiration, preferably by mouth-to-mouth, if possible.

**FIRST AID**

**GENERAL INFORMATION**

Miller Sustain is a deposition adjuvant with non-ionic properties, designed to improve the contact, wetting, and adhesion of pesticides on the plant surface. Miller Sustain forms a soft film which polymerizes, protecting spray deposits from rainfall erosion, volatility, and ultraviolet (UV) degradation. Under most conditions, apply sprays containing Miller Sustain at least one half hour, during daylight, before an anticipated rain. Sunlight, direct or indirect, for this time period is needed for the film to set.

Manufactured By
MILLER CHEMICAL & FERTILIZER, LLC
P.O. Box 333
Hanover, Pennsylvania 17331

Net Contents: 2 1/2 Gallon Liquid

**DIRECTIONS FOR USE**

**SOIL APPLIED PESTICIDES:** To stabilize, improve performance and retard photo-degradation apply Miller Sustain at 1/2 to 2 pints per acre.

**Miller Sustain** may be used with all products registered for: Agricultural, Forestry, Ornamental, Industrial Vegetation and Non-Cropland uses. **Miller Sustain** may be applied by ground or aerial spray equipment in concentrate or dilute sprays.

**GROUND:** Dosage per 100 gallons of spray solution (dilute).

Fungicides, Insecticides, Plant Growth Regulators ........................................ 4 oz. to 1 pint

Herbicides ........................................................................................................... 4 oz. to 1 pint

**AERIAL APPLICATIONS OR CONCENTRATE GROUND SPRAYS UNDER 50 GALLONS OF WATER PER ACRE:** Use 4 to 16 oz. per acre.

**MIXING**

Do not mix with hot water (above 100°F). Fill spray tank one-half full with water and begin agitation. Add pesticides as directed by label and continue filling. Add **Miller Sustain** last and continue agitation.

Use this product in accordance with good agronomic practices, which include utilizing proven spray equipment set for proper coverage. Do not make applications when temperatures are too hot. Applications should be made at temperature levels and when other environmental conditions in your area are such that your experience indicates the application will be compatible and will accomplish the desired result.

**PHYTOTOXICITY PRECAUTION:** Under some environmental conditions, some pesticides or pesticide combinations may cause phytotoxicity on growing plants. Adjuvant products such as this product may increase the chance or the intensity of phytotoxicity. Use this product in a manner consistent with individual pesticide product recommendations.

**ENVIRONMENTAL HAZARDS:** This product is not for aquatic use. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

**STORAGE AND DISPOSAL**

Keep in original container. Store above 32°F. For help with any spill, leak, fire or exposure involving this material, call day or night CHEMTREC (800) 424-9300.

**CONTAINER DISPOSAL**

Triple rinse (or equivalent) during mixing or loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

**LIMITED WARRANTY:** The use of this material being beyond our control and involving elements of risk to human beings, animals, and vegetation, we do not make any warranty, express or implied, as to the effects of such use, when this product is not used in accordance with the directions as stated on this label.
