WARRANTY AND LIMITATION OF DAMAGES
To the extent consistent with applicable law, Suterra LLC warrants that this material conforms to the chemical description on the label and is safe and effective as represented on the label. For the purposes stated in the Directions for Use. Suterra LLC neither makes nor authorizes any agent or representative to make any other warranty of fitness or merchantability, guarantees or representation, express or implied, concerning this material. To the extent consistent with applicable law, Suterra LLC’s maximum liability for breach of this warranty shall not exceed the purchase price of this product. To the extent consistent with applicable law, the buyer and user acknowledge and assume all risks and liabilities resulting from the handling, storage and use of this material contrary to label instructions.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION: Harmful if swallowed. Absorbed through skin or inhaled. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Avoid breathing wash. Thoroughly wash with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove contaminated clothing and wash before reuse. Wear chemical resistant gloves and protective eyewear.

FIRST AID

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a Poison Control Center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Remove chemical resistant gloves and protective eyewear. Wash thoroughly with soap and water. Call a Poison Control Center or doctor for treatment advice.

IF SWALLOWED: Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Rinse mouth, then give 1-2 cups of water. Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Remove chemical resistant gloves and protective eyewear. Wash thoroughly with soap and water. Call a Poison Control Center or doctor for treatment advice.

METHOD OF APPLICATION

For use on apples, pears, quinces, and other pome fruits; peaches, nectarines, plums, and other stone fruits; walnuts, pecans, and other nut trees. The recommended rate of application of BioLure® CM-XL 2.0 Dispenser is 120 to 250 dispensers per acre (300-500 dispensers per hectare) for use on apples and pears. Do not apply more than 555 total dispensers per acre per year (150 gms a.i./acre per year) [1370 total dispensers per hectare per year (370 gms a.i./hectare)]. Use gloves when handling dispenser. Provide adequate ventilation when handling dispensers. Do not handle BioLure® CM-XL 2.0 Dispenser or dispenser placement without thoroughly washing hands.

APPLICATION NOTES

For best results, apply at the time or shortly before cooling moths or hickory shockworm moths begin to emerge in the spring (biofix), or when the moths are first detected in pheromone traps such as BioLure®. This product only affects adult male moths and will have no effect on female moths, eggs or larvae. If application occurs following broods or during the growing season, the orchard must be treated with insecticides that are effective against codling moth and hickory shockworm. Use gloves when handling dispenser. Provide adequate ventilation when handling dispenser. Do not handle BioLure® CM-XL 2.0 Dispenser or dispenser placement without thoroughly washing hands.

CONTAINER DISPOSAL:

Plastic Containers: Nonrefillable container. Do not reuse or refill this container.

STORAGE AND DISPOSAL

DO NOT contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store container in cool place until used. Resterilize containers immediately after use. Store unused product in a refrigerator or freezer not used for food storage.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on-site or at an approved disposal facility.

CONTAINER DISPOSAL: Empty the container by placing it outside the reach of children. When empty, the container should be cleaned and destroyed or placed into a solid waste disposal system. If not, the container should be placed in the trash.
