Applicators and other handlers must wear: Long-sleeved shirt; Long pants; and; Shoes and socks
User Safety Requirements
follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables is available, use detergent and hot water. Keep and wash PPE separately from other laundry.

Discard clothing and other absorbent materials that have been drenched or heavily contaminated with the product. Don’t reuse them.

User Safety Recommendations
Use only on treated areas. Do not apply to the skin. Do not apply directly to plants. Do not recontaminate treated areas. Do not wash the treated area with water for at least 30 minutes after application. Do not use on plants that are being grown for human food. Do not use in an incinerator or on treated materials that may contaminate the air. Do not contaminate water, food, or feed by storage or disposal. Do not store near food, food storage areas, or items used for drinking water. Do not contaminate water, food, or feed by storage or disposal.

Physical and Chemical Hazards
Handle carefully. In case of eye contact, wash with plenty of water. If on skin, wash with soap and water. If swallowed, do not induce vomiting. Seek medical attention. Do not mix with or use with any household cleaning products.

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Read Entire Label. Use Strictly in Accordance with Precautionary Statements and Directions and with Applicable State and Federal Regulations.

SHAKE WELL BEFORE EACH USE
A READY TO USE INSECTICIDE SPRAY FOR INDOOR USE ONLY
This product is the next generation insecticide which effectively kills Bed Bugs in both residential and commercial buildings and structures. This product's patent pending technology provides residual control for 10 to 14 days after application and is scientifically formulated to target pestwood, wild and field resistant as well as susceptible Bed Bug strains. This product also kills Bed Bug Nymphs and Eggs by contact.

Apply as an indoor crack and crevice, or direct spray application (according to application instructions) in non-food areas including: toilets, showers, cabinets, transportation, restaurants, schools, nurseries, nurseries, businesses, offices, apartments, motels, hotels, and hospitals. This product is an easy to use product for application with hand held, or backpack sprayers. This product will not stain water-safe fabrics or surfaces, however care should be taken to test an inconspicuous area for staining prior to use.

TO KILL BED BUGS (Adults, Nymphs, and Eggs): For best results, vacuuming surfaces is recommended before application. Spray around and above beds and eggs directly wherever possible. Apply as a pinpoint, coarse spray or low pressure spray for crack and crevice, carpet perimeter, and direct spray applications in and around non-food areas where bed bugs and their eggs may hide or harbor. For example, on and around box springs, bedding, and bed frames, headboards, wall hangings, furniture, door and window frames, walls, closets, window treatments, behind floor coverings, as well as other non-water-safe items that may come in contact with bed bugs such as luggage, shoes and backpacks. If treating a pet's living environment, spray on and around pet beds, bedding, floors, sleeping areas and furnishings. This product can also be applied with a paintbrush to walls, baseboards, storefronts, behind wall hangings and other similar areas.

MATTRESS APPLICATION: This product can be directly applied to mattress and box springs surfaces. For porous surfaces such as mattresses and carpet perimeter areas, apply until thoroughly damp but do not wet. Infested beds should not be treated. These should be removed, tightly sealed in a plastic bag, laundered and dried at high temperatures prior to re-use. Vacuuming surfaces prior to treatment is highly recommended. Using pinstm, coarse or low pressure equipment, spray directly to mattress surface paying special attention to seams, folds, tufts and edges as well as bed frames and box springs where bed bugs and eggs may hide. Re-make bed with clean linens prior to re-use.

USE RESTRICTIONS
THIS PRODUCT IS NOT FOR USE ON HUMANS OR ANIMALS
Do not apply this product directly on pets or birds.
Do not use on draft areas.
Do not use in commercial food/feed processing, preparation, food/feed storage or serving areas.
In the home, all food/feed processing surfaces and utensils should be covered during treatment, or thoroughly washed before use.
Cover or remove exposed food/feed. Remove pets, birds, and other animals from the area before spraying.

This product may not stain water-safe fabrics and surfaces, however care should be taken to test an inconspicuous area for staining prior to use.

DO NOT allow adults, children, or pets to enter treated area until sprays are dry
DO NOT allow pets or kids to enter treated area until sprays are dry
DO NOT treat areas where occupants are present
DO NOT apply as a space spray
DO NOT wet articles at the point of runoff or drip
DO NOT use treated articles until spray has dried

HOW TO APPLY & USE:
- Hold with applicator aimed away from you.
- Spray surfaces from a distance of 8 to 10 inches until slightly damp.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Protect from freezing. Always store this pesticide product in the original container. Store in a cool, dry (preferably locked) place that is inaccessible to children and animals, and in a safe area away from food and pet food.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Non-refillable containers. Do not reuse or refill this container.

If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

DISCLAIMER, RISKS OF USING THIS PRODUCT, LIMITED WARRANTY AND LIMITATION OF LIABILITY
IMPORTANT: Read the entire label including this disclaimer, risks of using this product, limited warranty, and limitation of liability before using this product. If the terms are not acceptable THEN DO NOT USE THIS PRODUCT.

Risks of Using This Product: Pet, children, or other unattended children are not recommended. This product contains chemicals that may be harmful if inhaled, swallowed, or absorbed through the skin. This product may cause eye irritation and skin sensitization. Avoid contact with skin, eyes, and clothing. Keep out of reach of children and pets. In case of eye contact, wash with plenty of water. If on skin, wash with soap and water. If swallowed, do not induce vomiting. Seek medical attention. Do not mix with or use with any household cleaning products.

EXEMPTIONS: This product is not designed to control bed bugs in commercial environments (for example, schools, nursing homes, restaurants, and other commercial facilities).

LIMITED WARRANTY: This product is warranted to be free from defects in material and workmanship at the time of sale. Limitation of Liability: No warranty of any kind, expressed or implied, is made with respect to this product. Any warranty implied by law, including the implied warranty of merchantability or fitness of a particular purpose, is limited in duration to the applicable warranty period.

Promotion Notice of Claim: To the extent consistent with applicable law allowing such requirements, Harris Manufacturing Company, LLC, or any manufacturer or seller, may offer product to consumer, or offer to repair or replace any defective product. However, this offer of repair or replacement is not an admission of any liability. No other warranty is provided.
