Zetacyperpermethrin, Abamectin, Piperonyl Butoxide

**DIRECTIONS FOR USE**

- **Synergized for maximum effectiveness against listed pests**
- **For use with the Y-TEX UltraTagger® plus**
- **Reduces blood loss in cattle**

TRI-ZAP prevents feeding and irritation by Horn Flies for up to 2 months with 2 tags per animal and up to 4 months with 4 tags per animal through the use of a synergized insecticide. It is a very effective product for treating and controlling lice and ticks in cattle.

** first aid **

- **For use on Beef and Dairy Cattle (including Lactating) to Control Horn Flies, Face Flies, Lice, and Spinosar Ear Ticks**
- **No withdrawal period (for meat or milk)**

**STORAGE AND DISPOSAL**

- Do not store in direct sunlight, dust, or feed storage.
- **PESTICIDE STORAGE**
- **PESTICIDE DISPOSAL**: Remove tags before slaughter. Securely wrap used tags in plastic bag or several layers of newspaper and discard in trash.
- **CONTAINER HANDLING**: Unused in its original container, away from direct sunlight. Opened tags containing ear tags should be removed for storage.

**NOTICE OF WARRANTY**

To the extent permitted with applicable law, Y-TEX CORPORATION makes no warranty, expressed or implied, regarding the product or its use which extends beyond the use of the product under normal conditions in accord with the statements made on this label, and in any case, is limited to replacement of the product itself.
