4 in by 2.5 in (equals to 2.5 inches)
Allow pesticide to enter or run off into storm drains, drainage ditches, adversely affect non-target plants. To protect the environment, do not apply this product in a way that will contact any person or pet, plant, food crops (including vegetables), forage crops, or ornamental plants (flowers, trees, shrubs, hedges, woody ornam entals, groundcovers), groundcovers with turfgrass species that are not listed on this label.

Do not apply when windy. To prevent product run-off, do not overwater rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where groundwater is used for domestic or irrigative purposes, where surface waters are used for domestic or irrigation purposes, or where surface waters that are not suitable for irrigation purposes are used for irrigation purposes, or where surface waters are used for wildlife will result in contamination of drinking or irrigation water.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

1. Product Description

Trimec® Lawn Weed Killer Ready-To-Use is a selective herbicide that provides post-emergence control of broadleaf weeds in established residential lawns. Do not use this product on or near desirable plants, including turfgrass species that are not listed on this label.

2. Use Restrictions

• Do not apply the product in a way that will contact any person or pet, plant, food crops (including vegetables), forage crops, or ornamental plants (flowers, trees, shrubs, hedges, woody ornam entals, groundcovers), groundcovers with turfgrass species that are not listed on this label.

3. Where To Use

Trimec® Lawn Weed Killer Ready-To-Use may be used on residential lawns, without harming lawn grasses when used as directed. Turfgrass species which may be harmed include Kentucky bluegrass, perennial ryegrass, fescues, common and hybrid bermudagrass, bahiagrass, bentgrass, and bentgrass lawns.

4. When To Use

• Spray when weeds are actively growing.

5. How To Apply

1. Shaker bottle is being used:

2. Adjust icos of the sprayer to lower volume for sensitive lawns or to prevent excessive watering and wasting of product. Apply just enough to cover area to be treated.

6. Use Caution

• Rain or watering 1 hour after application will not wash-away effectiveness of treated weeds.

7. Broadleaf Weeds Controlled

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Nonflammable. Do not incinerate. If partly filled: Place in trash or offer for recycling if available. If empty: Place in trash or, if uncleaned, drain, treat, and place in trash. Do not reuse or refill this container.

LIMITED WARRANTY AND DISCLAIMER

For full warranty and disclaimer information, see the warranty and disclaimer information on the label of this product or at the manufacturer’s website. This product is not intended to control or destroy weeds. This product is a mixed formulation that is comprised of one or more ingredients and that is used as a component of another product. The manufacturer makes no warranty, express or implied, for this product. The manufacturer does not warrant or represent that this product will be effective in controlling or destroying any particular weed or pest or that it will work under all climatic conditions. The manufacturer disclaims any responsibility for loss or damage resulting from the use of this product.

WARNING: Certain states or local governments may require record-keeping of all pesticide applications or restrict the use of this product. Before using this product, read the label and follow all federal, state, and local regulations. You should not use this product in a manner not recommended on the label or in a manner inconsistent with the label. You should not use this product if you cannot follow all label directions. Before use, read the entire label and follow all directions and precautions. This product is a Controlled Product under the Plant Protection Act.

Pesticides can cause injury to humans, animals, birds, and plants. Read and follow directions and precautions on the label. Wearing proper protective clothing and using proper handling techniques can prevent injury. Read and follow directions on the label before and after use. Use this product with care. Untreated fields should be kept at least 50 feet away from treated areas.

Gettings Started

Spray when broadleaf weeds are young and actively growing for best results.
