It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**CLEANING AND DISINFECTING HARD, NON-POROUS SURFACES:**

This ready-to-use product is effective in 10 minutes at 20°C on washable hard, non-porous surfaces.

- **Antimicrobial Activity:**
  - 99.99% reduction of 70 Viruses and Bacteria.

**SPECIAL INSTRUCTIONS FOR USE OF DISINFECTING HARD SURFACES:**

- **Surface Preparation:**
  - Surfaces must be free of dirt, grime, grease, and other organic material. Surfaces should be dry before use.

- **Applying Product:**
  - Apply this ready-to-use product with a cloth, sponge, mop, brush, or coarse spray using normal cleaning methods. Saturate surfaces with the product and treat all surfaces to be disinfected, including all hard, non-porous surfaces. Saturate all surfaces by avoiding over-saturating because this may cause drips, runs, or excess material on surfaces. Saturate solid surfaces and not carpet, cloth, or soft surfaces.

**CLEANING AND DISINFECTING SOFT, NON-POROUS SURFACES:**

- **Wet-Cleaning:**
  - Saturate soft surfaces with the product and treat all surfaces to be disinfected, including all hard, non-porous surfaces. Saturate solid surfaces and not carpet, cloth, or soft surfaces.

**DISINFECTING:**

- **HIV-AIDS VIRUS:**
  - HIV-AIDS virus are resistant to this product. Do not use this product to disinfect HIV-AIDS virus contaminated surfaces.

**INSTRUCTIONS FOR DISPOSAL AND RECYCLING:**

- **Disposal:**
  - Do not contaminate food, feed or water by storage or disposal.

- **Petroleum Stains:**
  - Petroleum Stains: Disperse in organic solvent in a closed, well-ventilated area. Do not contaminate food, feed or water by storage or disposal.

**STORAGE AND DISPOSAL**

- **STORAGE:**
  - Store in original container in a well-ventilated area.

- **DISPOSAL:**
  - Contact your state Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**PROTECTIVE GEAR:**

Wear appropriate barrier protection such as latex gloves, gowns, masks, and goggles based on the potential exposure to certain agents.

**DISPOSAL CHAIN OF CUSTODY DOCUMENTATION:**

- **Triple Rinse:**
  - If product is used in or around food or water packaging or contact equipment, comply with Good Manufacturing Practices (GMPs), Good Laboratory Practices (GLPs), or Good Veterinary Practices (GVPs) as required.
