PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS:

Hazards to Humans: Clogges, inhalation, eye irritation, skin corrosion. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling. • If the material comes into contact with the skin, the following measures should be considered: • Do not induce vomiting. • In case of a large ingestion or in case of poisoning, contact a veterinarian or Poison Control Center. • If symptoms persist or if difficulty arises, contact a veterinarian immediately.

HAZARDS TO DOMESTIC ANIMALS:

Use with caution on livestock. Do not apply to sheep or other animals that might be eaten by livestock, poultry, or other domestic animals. Always consult the label before using the product on livestock or poultry.

Agricultural USE REQUIREMENTS:

Use the product in accordance with the directions of the label. The product is not intended for use on food-producing animals. To use this product, contact the nearest service center or the nearest USDA office.

PERSONAL PROTECTIVE EQUIPMENT (PPE):

When using this product, wear personal protective equipment, including gloves, boots, and eye protection. Use personal protective equipment appropriate for the intended use.

USER SAFETY REQUIREMENTS:

Follow manufacturer’s instructions for cleaning and maintaining the product. If no such instructions are available, use detergent and hot water. Keep the product away from children. Do not allow children to handle the product. Store the product in a secure location, out of reach of children.

NON-AGRICULTURAL USE REQUIREMENTS:

When using this product, wear personal protective equipment, including gloves, boots, and eye protection. Use personal protective equipment appropriate for the intended use.

ENVIRONMENTAL HAZARDS:

For terrestrial use: Do not apply directly to water, or to those water bodies that have been treated with livestock feed or algae. Do not contaminate water where livestock feed is being applied.

READ ENTIRE LABEL BEFORE EACH USE

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in any manner inconsistent with its labeling. This product is not recommended for use on non-food-producing livestock or poultry.

CROP USE:

Dectect AG DIATOMACEOUS EARTH INSECTICIDE is an effective insecticide for crops and ornamentals. Apply with manual or powered sprayers, using a back-pack sprayer or a high-pressure sprayer. Start spraying at a rate of 1 gallon per 1000 square feet. If symptoms persist or if difficulty arises, contact a veterinarian immediately.

Outdoor Use (Homes, Gardens, Farm, Ranch):

Apply using a manual hand-held sprayer, a backpack sprayer, or a high-pressure sprayer. Start spraying at a rate of 1 gallon per 1000 square feet. If symptoms persist or if difficulty arises, contact a veterinarian immediately.

Shared Grains and other Commodities:

Dectect AG DIATOMACEOUS EARTH INSECTICIDE is a registered pest control for grain storage, including grain silos, grain storage bins, grain elevators, and other storage facilities. Apply the product at a rate of 1 gallon per 1000 square feet. If symptoms persist or if difficulty arises, contact a veterinarian immediately.

Shared Grain Surfaces:

Apply Dectect AG DIATOMACEOUS EARTH INSECTICIDE at a rate of 1 gallon per 1000 square feet. If symptoms persist or if difficulty arises, contact a veterinarian immediately.

Empty Storage Area Treatment:

Apply Dectect AG DIATOMACEOUS EARTH INSECTICIDE at a rate of 1 gallon per 1000 square feet. If symptoms persist or if difficulty arises, contact a veterinarian immediately.

Livestock and Poultry:

As in the control of insects, livestock, poultry, and other birds. To use on livestock or poultry, contact the nearest service center or the nearest USDA office.

Livestock:

Apply Dectect AG DIATOMACEOUS EARTH INSECTICIDE at a rate of 1 gallon per 1000 square feet. If symptoms persist or if difficulty arises, contact a veterinarian immediately.

Non-agricultural Use:

When using this product, wear personal protective equipment, including gloves, boots, and eye protection. Use personal protective equipment appropriate for the intended use.

In the event of accidental ingestion, contact a veterinarian. If symptoms persist or if difficulty arises, contact a veterinarian immediately.
