New! hth®

PRE-MEASURED WATER SOLUBLE P O D S™

pH Up

Improves swimmer comfort

Balance 1

Easy-to-Use Pods make dosing simple!
Net Weight 4 Pounds - Contains (8) 8-ounce Pods

Not for aquatic environments such as lakes, streams, ponds.

KEEP OUT OF REACH OF CHILDREN

WARNING
CAUSES MODERATE TO SEVERE EYE IRRITATION. MAY CAUSE MILD TO MODERATE SKIN IRRITATION.
Read all Precautionary Statements and First Aid on back panel before use.

MADE IN THE USA

Principal Functioning Active:
Sodium Bicarbonate

Constituents Ineffective As Alkalinity Source

Total..............................................100%
DIRECTIONS FOR USE:
1. Test the pH each time a test kit is used and does not contain any chemical residue or debris.
2. Be sure the skimmer is empty and does not contain any chemical residue or debris.
3. Skimmer Application - Add 1 pod directly into the pool skimmer while the pump is running. Allow the pod to dissolve before adding additional pods or other pool products. Only add 1 pod at a time.
4. Pool Application - Add appropriate number of pods to the deep end of the pool with the circulation system on. Disperse any undissolved chemical from the bottom of the pool with a brush until the chemical is completely dissolved. If multiple pods are added at one time, they should be distributed around the deep end and should not be concentrated in one place.
5. Add the appropriate number of pods as designated in the table below to raise and maintain the pH between 7.2 and 7.8.

FIRST AID:
IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes. Call a poison control center or doctor for treatment advice.
IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance. Perform artificial respiration, preferably by mouth-to-mouth if possible. Call a poison control center or doctor for treatment advice.
IN CASE OF EMERGENCY CALL: 1-800-654-6911

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

INCREASES pH
To keep your pool water comfortable for bathers and to protect pool surfaces and equipment from damage, the pH of pool water should be maintained between 7.2 and 7.8. Help reduce pH drift and erratic changes when adjusting pH by testing the Total Alkalinity each week and maintaining it between 60 and 120 ppm.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS. WARNING:
Causes moderate to severe eye irritation. May cause mild to moderate skin irritation. Avoid contact with eyes, skin, and clothing. Avoid breathing dust. Wear goggles and rubber gloves when handling. Wash hands thoroughly after handling. Remove contaminated clothing and wash before reuse. Do not mix this product with other chemicals.

STORAGE AND DISPOSAL:
Keep product in tightly closed container when not in use. Store out of reach of children and away from heat or open flame. Use entire contents, then triple rinse and offer for recycling, use, or dispose in accordance with state and local regulations. Do not reuse empty container.

IN CASE OF EMERGENCY CALL: 1-800-654-6911
