IN CASE OF EMERGENCY CALL: 1-800-654-6911

Do not cut pods

This product helps to protect chlorine in pool water. It stops the loss of chlorine caused by sunlight. Use this product if sunlight makes it difficult to maintain the correct chlorine level.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS. CAUTION: Eye irritant. Avoid contact with the skin, eyes, or clothing. Avoid breathing dust. Wash thoroughly with soap and water after handling. Do not mix this product with any other chemicals.

STORAGE AND DISPOSAL: Keep container tightly closed in a dry, cool location. Keep away from heat or open flame. Use entire contents, then triple rinse and offer for recycling, or dispose in accordance with state and local regulations. Do not reuse empty container.

EMERGENCY HANDLING:
1. DO NOT reseal container if the product: gives off heat, gives off hazardous gases, or bubbles.
2. Isolate container (if possible).
3. Flood decomposing product with large amounts of water to dissolve this product.
4. Dispose of the container and any contaminated material in accordance with local, state and federal regulations.

FIRST AID:
I. F IN EYES: Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Call a poison control center or doctor for treatment advice.
2. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 – 20 minutes. Call a poison control center or doctor for treatment advice.
3. IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
4. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible. Call a poison control center or doctor for treatment advice.

IN CASE OF EMERGENCY: 1-800-654-6911
Have the product container or label with you when calling a poison control center or doctor or going for treatment.

PRINCIPAL FUNCTIONING AGENT: Cyanuric acid....................................................98.5%
CONSTITUENTS INEFFECTIVE AS ADJUVANTS.....1.5%
TOTAL: ...........................................................100.0%

One Pod treats 5,000 gallons
Easy-to-Use Pods make dosing simple!
Not Weight 4 Pounds - Contains (8) 8-ounce Pods

MADE IN THE USA
KEEP OUT OF REACH OF CHILDREN
Not for aquatic environments such as lakes, streams, ponds.

CAUTION EYE IRRITANT
Read all Precautionary Statements and First Aid on back panel before use.

**PRE-MEASURED WATER SOLUBLE**

**Stabilizer**

Sun defense for pool water

**One Pod treats 5,000 gallons**

**Easy-to-Use Pods make dosing simple!**

- Net Weight 4 Pounds - Contains (8) 8-ounce Pods

---

**DIRECTIONS FOR USE:**

1. Clean and backwash the filter.
2. Adjust the free available chlorine (FAC) level to 1 – 4 parts per million (ppm).
3. Measure the stabilizer (cyanuric acid) concentration. The ideal range is 20 – 40 ppm. The chlorine is not as effective if the range is above 90 ppm.
4. Be sure the skimmer is clean and free of all chemical residue or debris.
5. Add 1 pod directly into the pool skimmer while the pump is running. Allow the pod to dissolve before adding additional pods or other pool products. Only add one pod at a time.
6. Leave the circulation pump running and **DO NOT** backwash for 48 hours.
7. Use the chart shown to determine the correct amount of this product to use.
