**Busan 1192**

**ACTIVE INGREDIENT(S)**
Chlorothalonil (tetrachloroisophthalonitrile)

**INERT INGREDIENTS**

| 98.0% | 2.0% | 100.0% |

**KEEP OUT OF REACH OF CHILDREN**

**DANGER PELIGRO**

**FIRST AID**

- **If Eyes:** Rinse open and rinse slowly and gently with water for 15 to 20 minutes. Do not rub eyes. Remove contact lens (if present) after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice.

- **If Skin:** Wash skin thoroughly with soap and water. Remove clothing. Wash skin with soap and water. Call a poison control center or doctor for further treatment advice.

- **If Inhaled:** Move person to fresh air. If not breathing, give mouth-to-mouth or mouth-to-an-anonymous-person resuscitation. Call a poison control center or doctor for further treatment advice.

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**DANGER:** Corrosive, causes severe eye damage. May be a potential skin sensitizer. Do not get in eyes, on skin or on clothing. Do not breathe dust.

**Precautionary Statements**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**DANGER:** Corrosive, causes severe eye damage. May be a potential skin sensitizer. Do not get in eyes, on skin or on clothing. Do not breathe dust.

**PRECAUTIONS TO AVOID EXPOSURE**

- Do not inhale dust containing this product. Do not expose to high humidity or moisture. Thoroughly incorporate BUSAN 1192 into material as it is being ground, mixed or blended with water.

**WASHING AND CLEANING EQUIPMENT**

- Do not discharge rinsate containing this product unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge.

**STORAGE AND DISPOSAL**

- Do not contaminate water, food, or feed by storage or disposal. Do not dispose of into the environment.

**EMERGENCY RESPONSE**

- **FOR ALL NONREFILLABLE CONTAINERS:**
  - Refer to the MSDS to refill the container. Offer for recycling, if available. Triple rinse any container (or equivalent) promptly after emptying.

- **Solid residue removal statement for containers with capacity of 50 lbs or less:**
  - Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container 1/4 full with water and recapture. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for the later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times.

**NOTES TO PHYSICIAN**

- For containers larger than 55 gallons:
  - For all nonrefillable containers: When the contents of the container are to be emptied or disposed of, use a wash water system as follows: Empty the remaining contents into application equipment or a mix tank. Use a pressure wash system that rinses all interior sides with water that is at least 40°F above the ambient temperature for a length of time that ensures that a minimum 25% of the container volume of water is used. Use the pressure wash system and ensure that the container is left open for continuous draining.

**Hazardous Waste**

- Discharge of residue containing this product must be in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not dispose of residue containing this product to waste treatment systems without prior approval from the local sewage treatment plant authority. For guidance contact your State Waste Board or Regional Office of the EPA.
