This product is a one-step disinfectant, cleaner and deodorant designed for general cleaning, disinfecting, deodorizing and controlling mold and mildew on hard, non-porous surfaces. This product is formulated to disinfect on washable, hard, non-porous surfaces such as: metal, glass porcelain, chrome, sealed marble, sealed stone, plastic, chrome and vinyl, enameled surfaces, painted woodwork.

DIRECTIONS FOR USE:

1. Pre-clean heavily soiled areas. Apply use solution of 2 oz. of this product per gallon of water to heavily soiled hard, non-porous surfaces with a sponge, brush, cloth, mop, by immersion, autoscrub, hand pumps, or scrub device, coater, spray device, or spray device. For spray applications, spray 6-8 inches from surface. Do not breathe spray. Treat surfaces must remain wet for 10 minutes. Allow to dry. Rinsing of the surface is not necessary unless they are to be polished or buffed. Prepare a fresh solution daily or when visibly dirty.

2. For use as a one-step disinfectant, cleaner and deodorant.

3. For Use In Hospitals, Food establishments, Industrial sites, and Institutional. It is a violation of Federal Law to use this product in a manner not consistent with its labeling.

Benefits:

- **Bactericidal** action against the following: Bacillus subtilis, Staphylococcus aureus, Streptococcus pyogenes, Staphylococcus aureus (Vancomycin Resistant) (VRE), (Penicillin and Methicillin Resistant) (MRSA), Group A beta-staph aureus, Serratia marcescens, Salmonella typhimurium, Shigella flexneri, Shigella sonnei, Staphylococcus aureus, Enterobacter aerogenes, Escherichia coli, Escherichia coli O111:H8, Salmonella enterica, Pseudomonas aeruginosa, Pseudomonas fluorescens, Salmonella typhi, Clostridium difficile, Helicobacter pylori, Mycobacterium tuberculosis, Mycobacterium avium, Aspergillus niger.

- **Virucidal** action against the following:
  - Herpes Simplex Virus Type 1, Herpes Simplex Virus Type 2, Human Coronavirus, Human Immunodeficiency Virus Type 1 (HIV-1), Hepatitis A Virus (HAV), Hepatitis B Virus (HBV), Hepatitis C Virus (HCV).

- **Fungicidal** action against the following:
  - Candida albicans, Aspergillus fumigatus, Cladosporium herbarum, Alternaria alternata, Penicillium italicum.

- **Mildew/Cank** action against the following:
  - Mildew, Penicillium, Aspergillus, Cladosporium, Mucor, Rhizopus, Sterigmatocystis, Nigrospora, Sclerotinia, Sclerotium, Alternaria, Mucor, Rhizopus nigricans.

- **Toilet bowl and urinal disinfectant** action against the following:
  - Pseudomonas aeruginosa, E. coli O157:H7, S. aureus, Enterobacter cloacae, Klebsiella pneumoniae, Staphylococcus aureus, Staphylococcus epidermidis, Escherichia coli, Pseudomonas aeruginosa.

- **Mold/Algae** action against the following:
  - Alternaria, Drechslera, Penicillium, Aspergillus, Aspergillus fumigatus, Cladosporium, Mucor, Rhizopus nigricans.

**Treatment:**

- **Bacterial:** 10 minutes contact time
- **Fungal:** 10 minutes contact time
- **Virucidal:** 10 minutes contact time
- **Mildew:** 10 minutes contact time

**Contact Time:** Allow hard, non-porous surfaces to remain wet for 10 minutes for all organisms.

**To Control Mold:** Pre-clean heavily soiled areas. Prepare use solution by adding 2 oz. of this product per gallon of water. Apply use solution to hard, non-porous surfaces for 10 minutes. Flush treated areas with hot water, detergent and rinse. Mop and let dry. Repeat treatment every seven days, or as needed.

**Non-Acid-Toilet Bowl and Urinal Disinfectant:**

- Remove heavy soil prior to disinfecting. From a distance of 6-8 inches from the object or surface directly into the water in the toilet bowl. Brush thoroughly over exposed surfaces and let stand for 10 minutes. Flush treated area immediately. Use a solution to stand for 10 minutes and flush.

**General Disinfection:**

- For use in hospitals, food establishments, industrial sites, and institutional. It is a violation of Federal Law to use this product in a manner not consistent with its labeling.

**Storage and Disposal:**

- Do not contain water, food, or feed by mouth.

**Pest Control:**

- Store in original container. Keep this product under locked storage to make it inaccessible to children or persons unfamiliar with its proper use.

**Environment:**

- Use in accordance with label instructions. Use by law according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Substance Representative at the nearest EPA Regional Office for alternate methods.

**Personal Protection:**

- Wear goggles or face protection. Wear gloves or protective clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking or smoking.

**Hazardous to Humans and Domestic Animals:**

- This product is toxic to fish, aquatic invertebrates, birds, and bees.

**Precautionary Statements:**

- **Danger:**
  - Corrosive. Causes irreversible eye damage and skin burns. If swallowed, wash with large amounts of soap and water.

- **Warning:**
  - Do not get in eyes, on skin, or on clothing. Wear goggles or face protection. Wash hands thoroughly with soap and water after handling and before eating, drinking or smoking.

**Toxicological Properties:**

- **Acute Oral:** 3.5 (LD50) mg/kg.
- **Acute Dermal:** 100 (LD50) mg/kg.
- **Acute Inhalation:** 300 (LC50) mg/m³.
- **Skin Irritation:** 0.0005%.
- **Eye Irritation:** 0.0005%.
- **Skin Sensitization:** Not sensitizing.
- **Harmful exposure to people and pets:** May cause cancer in experimental animals. Contains ingredients that may cause cancer in experimental animals. Contains ingredients that cause genetic defects. Contains ingredients that interfere with the function of the thyroid gland. May cause reproductive toxicity. Contains ingredients that cause respiratory sensitization. Contains ingredients that cause birth defects. Contains ingredients that cause immune system damage. Contains ingredients that cause damage to the liver, kidney or other organs. Contains ingredients that cause harm to the central nervous system. Contains ingredients that cause harm to the hematopoietic system.

**Ingestion:**

- **Symptoms:**
  - If swallowed, wash with large amounts of soap and water. Do not induce vomiting. Do not give anything to an unresponsive person.

**Inhalation:**

- **Symptoms:**
  - Remove to fresh air. If not responsive, mouth-to-mouth, if possible.

**Eye Contact:**

- **Symptoms:**
  - If in Eyes: Rinse eyes immediately with plenty of water for 15-20 minutes. Seek medical attention.

**Skin Contact:**

- **Symptoms:**
  - If on skin: Wash with soap and water. Rinse skin immediately with plenty of water for 15-20 minutes.

**Inhalation:**

- **Symptoms:**
  - If inhaled: Get to fresh air. If not responsive, mouth-to-mouth, if possible.

**First Aid Measures:**

- **General Deodorization:**
  - Wear goggles or face protection. Wear gloves or protective clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking or smoking.

**Exposure Controls:**

- **Personal Protection:**
  - Wear goggles or face protection. Wear gloves or protective clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking or smoking.

**Precautionary Statements:**

- **Danger:**
  - Do not drink.

**Disposal:**

- **Pre-Clean heavily soiled areas. Apply use solution of 2 oz. of this product per gallon of water to heavily soiled hard, non-porous surfaces with a sponge, brush, cloth, mop, by immersion, autoscrub, hand pumps, or scrub device, coater, spray device, or spray device.**
