- **Light Scent**

This preventative is great to use with a home & yard protection, such as Natural Care Flea & Tick Spray.

**RETAIL THIS PACKAGE FOR FUTURE REFERENCE.**

**READ FULL LABEL BEFORE EACH USE AND USE ONLY IN ACCORDANCE WITH LABEL INSTRUCTIONS.**

For Use on Dogs Over 12 Weeks Old. For best results, dog's coat must be dry before application. The active ingredient pyrethrum excelsa extract, a pyrethrin, should be applied at least 24 hours before bathing or spraying to avoid introducing the solution into the eyes or drying out the skin. Apply 2 drops to the base of the tail and one drop down the back to distribute to the dog's entire coat. If multiple areas need to be treated, apply additional drops. If more than one dog is treated, separate the dogs by at least 2 weeks. Hold dog steady with one hand. With other hand, squeeze the neck of the applicator at the pinch point to break the seal (diagram A). Squeeze the applicator to apply the liquid in a straight line starting from in-between the shoulder blades at the base of the tail and then onto the base of the tail. When applying, it is important to watch for any signs of distress (diagram B). When applying the drops to the back, be careful not to get the solution on the dog's eyes. Some slight redness may occur after application. Wipe off any product with mild soap and water.

**FIRST AID:**
- **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lens, if present, after the first 5 minutes, then continue rinsing eye. If irritation persists, contact a physician. If dog vomits, do not induce vomiting. If aspirated, contact a physician.
- **IF ON SKIN:** Wash with soap and water and repeat if necessary.
- **INHALATION:** Remove to fresh air.
- **INGESTION:** Immediately drink plenty of water. Do not induce vomiting.

**PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS:**

**HUMANS:**
- Eye protection and gloves provide the best protection.
- Wash hands thoroughly with soap and water a/f ter use. Prolonged or frequent repeated skin contact may cause allergic reaction in some individuals. If irritation persists, contact a physician.

**DOMESTIC ANIMALS:**
- Sensitivity may occur a/f ter use of any product for pets. If signs of sensitivity occur in your pet with mild soap and water, rinse with large amounts of water. If signs of sensitivity continue consult a veterinarian immediately. Consult a veterinarian prior to use on pregnant or nursing animals.

**FOR USE ON DOGS ONLY.**

**STORAGE:**
- Store applicators in original packaging in a cool, dry area.
- **DISPOSAL:** In accordance with all Federal, State and Local regulations.

**IF EMPTY:**
- Do not reuse applicator tubes.
