PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS
AND DOMESTIC ANIMALS:
HUMANS:
Eye protection and gloves provide the best protection. Wash hands thoroughly with soap and water after use. Prolonged or frequent repeated skin contact may cause allergic reaction in some individuals. Irritation persists, contact a physician. For external use only.

DOMESTIC ANIMALS:
Sensitivity may occur after use of any product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs of sensitivity continue consult a veterinarian immediately. Consult a veterinarian prior to use on pregnant or nursing pets.

FIRST AID
If in Eyes:
Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lens, if present, after the first 5 minutes, then continue rinsing eye. If irritation persists contact a physician.

If on Skin:
Wash with soap and water and repeat if necessary.

INHALATION:
Remove to fresh air.

INGESTION:
Immediately drink plenty of water. Do not induce vomiting. If symptoms persist, contact a physician.

STORAGE:
Store applicators in original packaging in a cool, dry area.

DISPOSAL:
In accordance with all Federal, State and Local regulations.

IF EMPTY:
Do not reuse applicator tubes.

Natural Care Flea & Tick Drops were created to provide safe and effective protection against harmful fleas and ticks when used as directed. Our unique blend of plant extracts is naturally sourced from Clove, Thyme and Cinnamon Oils that, when combined, make a strong yet gentle defense for your dog.

FLEAS & TICKS KILLS & REPELS

EASY TO OPEN Applicators – No Scissors Required

UP TO ONE MONTH PROTECTION PER APPLICATION

MADE WITH BOTANICAL OILs

Light Scent

This preventative is great to use with a home and pet protection, such as Natural Care Flea & Tick Spray.

NOT FOR USE ON CATS OR KITTENS

READ ENTIRE LABEL BEFORE EACH USE AND USE ONLY IN ACCORDANCE WITH LABEL INSTRUCTIONS.

For Use on Dogs Over 12 Weeks Old:

For best results, dog’s coat must be dry before application. When applying, allow at least 24 hours before bathing or swimming. To avoid pet household, be sure the solution has dried before allowing any to get in reach of the other. Gaps may introduce infections or reactions. For order to help reduce the occurrence of Reactions, this product is best used and your room. For prevention on existing infections, by Natural Care Flea & Tick Shampoo prior to application of Natural Care Flea & Tick Drops.

DIRECTIONS FOR USE:

Applies once per month, totaling to twice every 2 weeks. Hold dog steady with one hand. With other hand, squeeze the neck of the applicator until the pinch point breaks. (see diagram A). Gently apply the applicator to apply the liquid in a straight line from the shoulder blades at the base of the neck and down to the base of the tail (see diagram B). When applying, use the tip of the applicator to part the dog’s hair so the product reaches the dog’s skin. Once the full dose has been applied allow 6-12 hours for the solution to be absorbed into the dog’s coat. Dispose of used applicator directly after use.

If you have used a brand other than NATURAL CARE spray or spot-on products within the last 15 days, thoroughly wash the neck area with a mild soap before using Drops.
