Air Freshener • Disinfectant • Sanitizer • Space Deodorizer

*Sanitizes: Kills 99.9% of Cometaryc bacteria (E. coli/MTA), Klebsiella pneumonia, Salmonella enterica and Staphylococcus aureus (Staph) on hard, nonporous, non-food contact surfaces in 10 minutes.

First Aid

If Swallowed: Immediately call a poison control center or doctor for treatment advice. Have person take a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything by mouth to an unconscious person. If on Skin: Take off contaminated clothing. Immediately wash skin with plenty of water for 15 minutes. Call a poison control center or doctor for treatment advice. If ingested: More persons to breath if person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible. Call a poison control center or doctor for further treatment advice. If Eye: Hold eye open and rinse slowly and gently, with water for 15 minutes. Remove contact lenses, if present, after the first 5 minutes; continue rinsing eye. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For non-emergency information on product usage call 1-855-345-5575, Monday-Friday, 9am-5pm CST. For medical emergencies call your poison control center at 1-800-222-1222.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Harmful if swallowed, absorbed through skin or inhaled. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Avoid inhaling spray mist. Thoroughly wash with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not pierce or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not throw container into fire or incinerator. Do not spray on varnished, painted or plastic surfaces. This product is flammable. Keep away from open flames.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use Restrictions: The product is not to be used as a terminal sterilant/high-level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either in or in contact with the bloodstream or normally sterile areas of the body, or (2) contains intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high-level disinfection.

Shake Well Before Using
