**WARNINGS**

- Keep out of reach of children.
- Use only as directed.

**DIRECTIONS FOR USE:**

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**PHYSICAL AND CHEMICAL HAZARDS:**

- Keep all foreign matter, including other water treatment products, away from this product.
- Product can react with other materials, including other water treatment products, to cause intense fire, explosion, and the release of toxic gases.

**ENVIRONMENTAL HAZARDS:**

- This pesticide is toxic to fish and aquatic organisms.
- In case of contamination or decomposition—Do not discharge effluent containing this product into lakes, ponds, streams, or sewers.
- Follow applicable Federal, State, and Local regulations for storage, disposal, and transport of this product.

**FIRST AID**

- **IF IN EYES:**
  - Remove contact lenses (if worn). Wash exposed eyes with plenty of cool, running water for 15-20 minutes. Call a poison control center or doctor immediately for treatment advice. Have the exact name of the material and the product label on hand.

- **IF INHALED:**
  - Move person to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor immediately for treatment advice. Have the exact name of the material and the product label on hand.

- **IF ON SKIN OR CLOTHING:**
  - Rinse skin immediately with plenty of water for 15-20 minutes. If irritation persists, call a poison control center or doctor immediately for treatment advice. Have the exact name of the material and the product label on hand.

- **IF IN THE MOUTH:**
  - Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. Call a poison control center or doctor immediately for treatment advice. Have the exact name of the material and the product label on hand.

**NOTE TO PHYSICIAN:**

- Do not use antacids.
- Do not give anything by mouth to an unconscious person.
- Probable mucosal damage may contraindicate the use of gastric lavage.

**EMERGENCY HANDLING:**

- Do not use this product in any chlorinating device which has previously been used with any other water treatment products. If used with other products, to cause intense fire, explosion, and the release of toxic gases. Do not use this product in any feeder, floater, skimmer, or other water treatment device which has previously been used with any other water treatment products. Do not place in skimmer baskets that contain undissolved material from other water treatment products. Do not use this product with any other chlorinating compound.

**STORAGE & DISPOSAL:**

- Keep away from heat and flame and from water. Keep in original, tightly closed container when not in use. Store in cool, dry, well-ventilated area.

**LABEL IS NEEDED**

- Do not use this product. It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Use only as directed.

**Superscript Used in Lot No.:**

- Use care in applying this product. Use only as directed. Carefully read all precautionary and first aid statements on this label before use. Keep out of reach of children. Read all precautionary and first aid statements on back panel before use.
FOR MUNICIPAL AND INDUSTRIAL WATER TREATMENT APPLICATIONS

- Destroys organic contaminants
- Long Lasting Tablets
- Cyanuric acid-free

ACTIVE INGREDIENT:

- Calcium Hypochlorite, Hydrated Mixture

RECOMMENDED FOR USE:

- Oxidizer

DANGER:

- Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed, absorbed through skin, or inhaled.

Read all precautionary and first aid statements on back panel before use.

DANGER

KEEP OUT OF REACH OF CHILDREN

IN CASE OF EMERGENCY CALL: 1-800-654-6911.
