Clean by 4D™

Daily Disinfectant

Use daily as part of a simple and effective cleaning and disinfection program for your entire facility

Use as directed on page 2 of this packet. See side panel for additional precautionary statements

DECONTAMINATION AGAINST HCV, HBV AND HIV-1 (AIDS Virus), and Influenza A Virus Type 1 (HIV-1) (associated with AIDS).

PRECAUTIONARY STATEMENTS

DANGERS:

Causes irreversible eye damage and skin burns. May be fatal if inhaled. Harmful if absorbed through the skin. Harmful if swallowed. Harmful if inhaled. May cause respiratory irritation and inflammation. May cause allergic reactions in some individuals. WHEN USING THIS PRODUCT:

FIRST AID:

IF IN EYES: Rinse with plenty of water for 15-20 minutes. IF SWALLOWED: Rinse mouth and vomiting will occur. Rinse mouth with plenty of water; give 2 glasses of milk or water. Give nothing by mouth to an unconscious person. IF INHALED: Get fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. If consciousness is lost, do not give anything by mouth. IF CONTACT WITH SKIN: Wash thoroughly with soap and water. IF CONTACT WITH SKIN OR CLOTHING: Remove clothing and wash before reuse. Keep container tightly closed when not in use.

STORAGE AND DISPOSAL

Non-Flammable Contact Disinfecting Hard Non-Porous Surfaces

Use Clean by 4D at 2 oz. per gallon of water. Apply directly onto stain surfaces/objects likely to be soiled with blood or body fluids. For one-step cleaning, this product is effective against Staphylococcus aureus and Klebsiella pneumoniae.

STORAGE:

Do not use outside. Store in cool, dry place to protect from moisture. Keep out of reach of children.

DISSOLVING, DEODORIZING, AND DISINFECTING

Keep the solution in a spray bottle. Before use, check to make sure the bottle is clean and dry. Apply the solution directly to the surface and let it stand for 10 minutes. Then rinse off with water or wipe dry.

BLOOD/BODY FLUIDS:

Contaminated cleaning materials, blood and other body fluids must be thoroughly cleaned from surfaces and objects before disposal. If the body fluids are not disposed of properly, they can cause disease or sickness. If the body fluids are not properly contained, they can contaminate the environment. Do not allow body fluids to come in contact with food, utensils, or food contact surfaces. For one-step cleaning, this product is effective against Hepatitis C Virus (HCV), Hepatitis B Virus (HBV), and Human Immunodeficiency Virus Type 1 (HIV-1) (associated with AIDS). For disinfection, this product is effective against Staphylococcus aureus and Klebsiella pneumoniae.

FIRST AID:

IF IN EYES: Rinse with plenty of water for 15-20 minutes. IF SWALLOWED: Rinse mouth and vomiting will occur. Rinse mouth with plenty of water; give 2 glasses of milk or water. Give nothing by mouth to an unconscious person. IF INHALED: Get fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. If consciousness is lost, do not give anything by mouth.

If contact with the eye, use an eye wash (or running water) for 15-20 minutes. If contact with the skin, remove contaminated clothing and wash clothing before reuse. If contacted, wash hands thoroughly with soap or alcohol before eating, handling food, using the toilet, or caring for a sick person. Wash hands with soap and water after removing contaminated clothing. Do not contaminate water, food, or feed by storage or disposal.

BIOLOGICAL HAZARDS:

Do not use in areas that are not properly ventilated. This product contains substances that can cause respiratory irritation and inflammation. This product can cause allergic reactions in some individuals. When using this product, wear protective clothing and a NIOSH-approved particulate filtering facepiece respirator. Use a protective mask while using this product. If you have any questions or concerns about the use of this product, please consult a medical professional. For additional precautionary statements, see the side panel of this packet.

INERT INGREDIENTS:

INERT INGREDIENTS:

May be irritant to skin and eyes. Avoid contact with skin and eyes. Keep out of reach of children.

STORAGE:

Store in a cool, dry place, away from direct sunlight. Keep out of reach of children.

CONTAINER DISPOSAL:

Nonrefillable container. Do not reuse or refill container. Triple rinse as follows: Fill container 1/4 full with water and recap. Shake for 10 seconds. Drain for 10 seconds after the flow begins to drip. Follow Pesticide Disposal instructions for rinsate disposal. Repeat procedure two more times. Then offer for recycling or reconditioning. If not available, puncture and dispose in a sanitary landfill.

PESTICIDE DISPOSAL:

Must be disposed of in a manner which is consistent with federal, state, and local regulations or in accordance with local regulations or in accordance with applicable federal and state regulations.

CONSUMER INFORMATION:

The product contains an active ingredient that causes irreversible eye damage and skin burns. May be fatal if inhaled. Harmful if absorbed through the skin. Harmful if swallowed. Harmful if inhaled. May cause respiratory irritation and inflammation. May cause allergic reactions in some individuals. For additional precautionary statements, see the side panel of this packet.

DISPLOMENT:

Spray products (including sprays, mists, and aerosols) which produce a fine mist of particles that may contain a pesticide may be hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these products are used in accordance with label directions, they are not considered hazardous. However, they may cause damage to the environment. Do not contaminate water, food, or feed by storage or disposal.
