• One-step disinfectant • Reduces allergens* • No precleaning required • Effective on fabric and air • Lavender scent

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not use on glasses, dishes or utensils.

To Disinfect: Heavy soil must be removed prior to disinfecting. Hold can upright 6”–8” from surface. Spray surface until thoroughly wet. Let stand for 5 minutes. Allow to air dry. A portable water rinsing kit is required for food-contact surfaces.

To Sanitize Soft Surfaces: Heavy soil must be removed prior to sanitizing. Hold can upright 6”–8” from surface. Spray surface until thoroughly wet. Allow to air dry. A portable water rinsing kit is required for food-contact surfaces.

To Reduce Allergens*: Spray surface until thoroughly wet. Allow to air dry. To Sanitize the Air: Close all doors, windows, and air vents. Hold can upright 6”–8” from surface. Spray towards center of room for 10 seconds. For maximum effectiveness, relative humidity should be between 45% and 75%. Resume normal air ventilation after spray has settled. Repeat as needed. To Control Mold and Mildew on Fabric: Heavy soil must be removed prior to application to control mold and mildew. Hold can upright 6”–8” from surface. Spray surface until wet and repeat every 3 weeks to prevent regrowth.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS & DOMESTIC ANIMALS
