DESCRIPTION: CASE

TEL: 610-644-8335 • www.sterile.com
15 Lee Blvd. Malvern, PA 19355-1234
EPA Reg. No. 211-64-68959 • EPA Est. No. 68959-PA-01
SDS #: DCY-98-01 • Red dot indicates Sterile • Case Label: DCY2-00 • Rev 4/19 • H-19

Active Ingredients:
Ortho-Phenylphenol........................................... 8.209%
Orthobenzyl-para-Chlorophenol.......................... 8.500%
Other Ingredients.............................................. 82.141%
Total............................................................ 100.00%

KEEP OUT OF REACH OF CHILDREN

DANGER PELIGRO

FIRST AID
In case of emergency, call a poison control center or doctor for treatment advice. Have the product container or label with you when calling. Call the Poison Control Center or your local hospital. Do not attempt to induce vomiting or give anything by mouth to an unconscious person.

INHALATION
Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor immediately for further treatment advice.

INGESTION
Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a Poison Control Center, local hospital, or doctor.

KEEP OUT OF REACH OF CHILDREN

CAUTION PRECAUTION

IF SKIN OR CLOTHING
Remove PPE immediately after handling this product. Wash the outside of the gloves before removing. As soon as possible, wash thoroughly and change into clean clothing. Users must remove clothing immediately if product is on clothing. Then wash thoroughly and put on clean clothing.

CLEANING AND DISINFECTION

For broad spectrum disinfection of gram negative (as demonstrated by efficacy against Staphylococcus aureus) bacteria, add 1/2 ppm active) to disinfect hard non-porous surfaces.

TO DEODORIZE:

If desired, increase dilution to 1 ounce per gallon of water for 10 minutes. Allow to air dry. Prepare a fresh solution at least daily or when use solution becomes visibly dirty.

EFFECTIVE PERFORMANCE

The broad spectrum efficacy of DECON-CYCLE II has been confirmed using A.O.A.C. protocol testing at a use-dilution of 1:256 in deionized water, at 20°C with an exposure time of 10 minutes.

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

PELIGRO: Si no puede leer en inglés, pregunte a su supervisor sobre las instrucciones de uso apropiadas antes de trabajar con este producto.

PREPARATION OF DISINFECTION USE SOLUTION:
Pre-clean all surfaces. Mix 1 ounce of DECON-CYCLE II with 2 gallons of deionized water or equivalent use dilution (580 ppm active) to disinfect hard non-porous environmental surfaces.

Apply use solution to hard, non-porous surfaces using a brush, sponge, cloth, mop, auto scrubber, mechanical spray device (hand pump, coarse pump or trigger spray device) or by immersion so as to thoroughly wet surfaces. For sprayer applications, spray 6-8 inches from surface. Do not breathe spray. Rub with brush, cloth, or sponge. Treated surfaces must remain wet for 10 minutes. Allow to air dry. Prepare a fresh solution at least daily or when use solution becomes visibly dirty.

HOTLINE NUMBER: In case of emergency, call your local poison control center or a doctor. Have the product container or label with you when calling a Poison Control Center or doctor for treatment advice.

HOTLINE NUMBER: In case of emergency, call your local poison control center or a doctor. Have the product container or label with you when calling a Poison Control Center or doctor for treatment advice.

PESTICIDE STORAGE:
Store in a securely closed original container. Store in area that will prevent cross contamination of other pesticides, fertilizer, food, and feed. Avoid storage at temperature extremes or in sunlight.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Completely empty container allowing the product to drain for 2 seconds after the flow begins to drip. Dispose of container by permitted onsite incinerator or by transport to offsite permitted incineration services. If incineration is unavailable, fill the container 1/4 full with water. Shake for 10 seconds. Empty and collect rinsate into appropriate storage vessel for disposal. Repeat this procedure two more times. Follow Pesticide Disposal instructions for rinsate disposal. Then offer for recycling or dispose of in a sanitary landfill.

STORAGE AND DISPOSAL:
Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

PESTICIDE DISPOSAL:

DECON-CYCLE II is acceptable for use by pharmaceutical and biotechnology industries; medical device manufacturers; hospitals and any health care institutions that are dedicated to controlling cross contamination in their establishments. For use on hard, non-porous, inanimate surfaces in aseptic filling and gowning rooms, general manufacturing areas, or on machinery, tables, counters, laminar flow benches, floors, walls, stainless steel, glazed porcelain, glass, and chrome.
