Use This Product To:

**KILL BUGS ON CONTACT**

* Use indoors or outdoors to kill ants, roaches, spiders, flies and other listed bugs on contact. Won't damage house plants or garden plants when used as directed. Avoid spraying near baits to make sure bugs can bring the bait back to where they hide.

**CONTROL BUGS**

* Use a Raid® Roach Bait product to kill roaches where they hide. For heavy infestations, first use a Raid® Fogger or Fumigator product and then place baits to provide ongoing control. Read the label to find the right product for your bug problem.

**PREVENT BUGS OUT**

* Use a Raid Max® Bug Barrier product to keep ants, roaches, spiders and other listed bugs out. Read the label to find the right product for your bug problem.
