Nonionic Surfactant For Use With Plant Growth Regulators

Principal Functioning Agents
2-butoxyethanol, poloxalene, monopropylene glycol................................................................. 90.6%
Constituents ineffective as spray adjuvants.................................................................................... 9.4%
Total................................................................................................................................................ 100.0%

All ingredients are exempt from the requirements of a tolerance as specified in 40 CFR 180.

Hazard Statements
Combustible Liquid. May be harmful if swallowed. May be harmful in contact with skin. Causes skin irritation. Causes serious eye irritation. Harmful if inhaled.

Precautionary Statements
Keep away from heat/sparks/open flames/hot surfaces. No smoking. Avoid breathing dust/fume/gas/mist/vapors/spray. Wash thoroughly after handling. Use only outdoors or in a well-ventilated area. Wear protective gloves/eye/face protection. If on skin: Wash with plenty of soap and water. If skin irritation occurs: Get medical advice/attention. If inhaled: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a poison center or doctor/physician if you feel unwell. If in eyes: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists: Get medical advice/attention. Take off contaminated clothing and wash before reuse.

Storage and Disposal
Storage: Store in a well ventilated place. Keep cool. Do not contaminate water, food or feed by storage or disposal of this product.
Disposal: Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill. Dispose of contents/container in accordance with local/national regulations.

Refer to back label for First Aid statement.

KALO, Inc. • 13200 Metcalf Avenue • Overland Park, KS 66213 • 1-800-255-5196 • www.kalo.com

2.5 Gallons (9.46 Liters) or 2 x 2.5 Gallons (18.93 Liters)
Statement of Practical Treatment
Call a poison control center or doctor immediately for treatment advice.

If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor immediately for treatment advice.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor immediately for treatment advice.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor immediately for treatment advice.

General Information
Regulaid is a nonionic spreader-activator for use in improving the effectiveness of foliar applied plant growth regulators or streptomycin applications.

Regulaid provides superior wetting of the spray solution, uniform spray coverage and improved foliar penetration.

REGULAID IS NOT FOR AQUATIC USE

Directions For Use
Before using Regulaid, always read and follow all label directions, mixing instructions and precautionary statements of the pesticide label that is to be tank mixed with this product. Use rates for Regulaid will range from 1/2 to 3 pints per 100 gallons of spray solution.

For the products listed, the following use rates are suggested:

<table>
<thead>
<tr>
<th>Product</th>
<th>Use Rate</th>
<th>Pints/100 Gallons</th>
<th>Mls/100 Liters</th>
</tr>
</thead>
<tbody>
<tr>
<td>Apogee®</td>
<td>1 to 2 pints</td>
<td>125 to 250 ml</td>
<td>416 to 832 ml</td>
</tr>
<tr>
<td>Ethephon, Ethrel</td>
<td>2 pints</td>
<td>250 ml</td>
<td>792 ml</td>
</tr>
<tr>
<td>Maleic Hydrazide</td>
<td>2 to 3 pints</td>
<td>250 to 375 ml</td>
<td>832 to 1248 ml</td>
</tr>
<tr>
<td>NAA or Amide Sprays</td>
<td>3/3 pints</td>
<td>85 ml</td>
<td>256 ml</td>
</tr>
<tr>
<td>NAA plus Carbaryl</td>
<td>1/2 pint</td>
<td>65 ml</td>
<td>208 ml</td>
</tr>
<tr>
<td>NAD</td>
<td>1 pint</td>
<td>125 ml</td>
<td>392 ml</td>
</tr>
<tr>
<td>Streptomycin</td>
<td>2 to 3 pints</td>
<td>125 to 250 ml</td>
<td>416 to 832 ml</td>
</tr>
</tbody>
</table>

The most effective rate will vary with temperature and humidity at the time of application. The lower rate will normally be required under conditions of high humidity and the higher rate range is suggested under arid conditions. The above use recommendations are considered to be adequate for most uses. Since many factors such as heat, humidity, wind conditions and equipment performance can influence performance, the user should always follow label directions of the product to be tank mixed with Regulaid and consult local agricultural authorities or perform a limited test using this product to determine the optimum use rate for a given application and specific crop.

CONDITIONS OF SALE – LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale – Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded. The directions of this label are believed to be reliable and should be followed carefully. Insufficient control of pests and/or injury to crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of KALO, Inc., the manufacturer or seller. In addition, failure to follow label directions may cause injury to crops, animals, workers or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind express or implied concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at KALO, Inc.’s election, one of the following:

1. Refund of the purchase price paid by buyer or user for product purchased, or,
2. Replacement of the product used

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company, the manufacturer and seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
