PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Wear long-sleeved shirt, long pants, shoes, socks and chemical-resistant gloves made of any waterproof material. Protecting or21

FIRST AID

If in eyes: Hold open eye and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

If on skin or clothing: Take off contaminated clothing. Wash those clothes immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor for treatment advice.

If inhaled: Call a poison control center or doctor for treatment advice.

ENVIRONMENTAL HAZARDS
The pesticide is toxic to fish and aquatic invertebrates and may adversely affect non-target plants. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in dry or rainy weather when rain is not predicted for the next 24 hours will help to ensure that the rain or wind does not blow or wash pesticide from the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the lawn or garden will help to prevent runoff of water before or during rain.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not allow people (other than applicator) or pets on treated areas during application. Do not enter treated area until dust has settled.

STORAGE: Store in original container in a locked storage area inaccessible to children and domestic animals. Do not store near food or feedstuffs.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Nonrefillable Container. Do not reuse this container if empty. Place in trash or offer for recycling if available.

If Filled-Call your local solid waste agency for disposal instructions. Never pour unused product down any drain or outside drain.

USAGE PRECAUTIONS
Do not use this product where desirable clovers are present or allow the material to drift onto lawns, vegetables or ornamental shrubbery. Do not apply in areas unsold by robe of desirable trees or shrubs. Apply when the soil is warm. Do not apply to newly seeded lawn. During applications, close spreader openings when turning.

INSTRUCTIONS
Weed & Feed 13-0-3 controls a wide range of lawn weeds including dandelion, chickweed, sandwort, knotweed, henbit, spurge and many others commonly found in home lawns. This product may be applied in established lawns of Bermudagrass, bahiagrass, bahiagrass, centipedegrass, Kentucky bluegrass, teffgrass, perennial ringgrass, zoysiagrass, and St. Augustine grass. Do not use on clovers or cereals. Do not apply to product to "Growth" St. Augustinegrass in Florida. In addition, a 13-0-3 fertilizer provides plant tolerance or plant food.

Possible re-treatment may be necessary if the lawn is heavily infested with weeds, or, if adverse low moisture conditions prevail and weeds are in a state of poor growth. A second application may be made in approximately 30 days.

The maximum application rate is 1.0 pound (2.4 g) per acre per application per season. The maximum number of broadcast applications per treatment area is 2 per year.
